ACCEPTS

German Promises in Note Dispatched to Imperial Government

MAY THINK REPLY UN-NECESSARY

Note Insistent Upon American Rights

ABSOLUTE NOT RELATIVE

President Wilson Considers Germany's Responsibility and Will Not Discuss With Berlin Government Questions Concerning the Conduct of Any Other Belligerent Nation.

(ASSOCIATED PRESS TELEGRAM)

Washington, May 9.—America's latest note to Germany on the submarine controversy had gone forward to Berlin today and administration officials were interested in knowing whether Germany would make any reply. It was intimated in German circles that the Imperial government might not consider an answer necessary.

The text of the note, made public last night, shows that the United States accepts the German promises that submarine warfare in the future will be altered, however, that Germany must not consider her respect for rights of American citizens on the high seas contingent on the conduct of any other belligerent with whom the United States may be negotiating.

"Responsibility in such matters is single, not joint; absolute, not relative," says the note.

Secretary Lansing gave out a statement explaining that a large part of the latest German reply dealt with questions concerning the conduct of other belligerents which the American government could not discuss with the Berlin government. He stated, however, he considered Germany had "yielded to our representations" and that "we can have no reason to quarrel with her," so long as the altered submarine policy is not violated.

PRISONERS OF BANDITS MAKE THEIR ESCAPE

(ASSOCIATED PRESS TELEGRAM)

El Paso, May 9.—A private message received here today says the seven American employees of the Porto Rico de Boquillas mine near Boquillas, Mexico, who were captured by the Mexican bandit raiders, overpowered their guards and have escaped to the border, bringing three of the Mexicans with them as prisoners.

The message which was later confirmed said Dr. Homer Powers of San Angelo, Tex., who was also among the captured also made his escape.

LIEUTENANT FAY GIVEN 8 YEARS IN PENITENTIARY

(ASSOCIATED PRESS TELEGRAM)

New York, May 9.—Robert Fay, former lieutenant in the German army and his brother-in-law Walter Scholz, convicted in the federal court yesterday of conspiring to destroy munition ships of the allies through bomb contrivances, were today sentenced to serve eight years each in the federal penitentiary at Atlanta. Paul Daech also convicted but with a recommendation of leniency, was sentenced to two years.

BURNED TO DEATH.

(ASSOCIATED PRESS TELEGRAM)

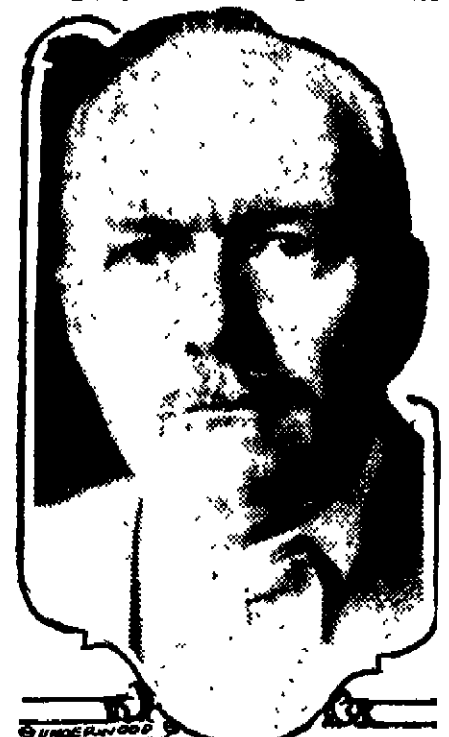

Cincinnati, May 9.—Thomas Bray, aged 74, retired real estate man of this city while burning rubbish in the rear of his home here today in some manner got too near the flames and his clothing caught fire with the result that he was burned to death before assistance arrived. It is thought that in order to expedite the work he poured oil on the fire.

WOMAN ROUTS TWO BURGLARS

(ASSOCIATED PRESS TELEGRAM)

Fort Worth, O., May 9.—An attempt to rob the home of Peter Mancke, wealthy suburban resident, early today resulted in the shooting of two persons and the routing of the two burglars by Mrs. Roscoe Davis, wife of a tenant. Her husband and three-year-old child were wounded in a scuffle of shots exchanged between the burglars and the woman. The burglars were captured by Captain Davis and are being held in the city jail.

WILL HELP SOLVE U. S. AIR PROBLEMS

Dr. Henry Souther.

Dr. Henry Souther has just been appointed by Secretary of War Baker as consulting engineer to handle the increasing aeronautical problems of the government, a field that admits of great possibilities of expansion and development. He is co-operating actively with the work of the committee on industrial preparedness of the U. S. naval consulting board.

FOUR DEAD IN EXPLOSION AT POWDER MILLS

(ASSOCIATED PRESS TELEGRAM)

Paterson, N. J., May 9.—Three buildings of the Atlas Powder Company at Lake Hopatcong north of here are reported to have been blown up about 1:00 o'clock.

First advices had it that between 50 and 100 men were killed but this could not be confirmed.

Within a few minutes after the explosion occurred, hospitals within a radius of 25 miles were notified to send assistance or hold themselves in readiness to receive injured. The destroyed buildings were located at the southern end of the lake at a village named Landing.

MANY BUILDINGS WERE DAMAGED; SUN DARKENED

(ASSOCIATED PRESS TELEGRAM)

New York, May 9.—Advices received here today from Lake Hopatcong, N. J., over the long distance telephone place the number of dead in the explosion of the Atlas Powder Company's building at four and an unknown number injured. Buildings near the shore all around the lake were damaged and great clouds of smoke almost shut out the sun. Windows were shattered for miles.

The explosion occurred at Landing, N. J., at the southern end of the lake. The plant was used for the manufacture of acids which were shipped to other points to be used in making smokeless powder for war munitions. Dynamite was also stored at the works and powder mixed there. Between 600 and 1,000 men were employed. One report had it that nearly a hundred were more or less severely injured.

Information regarding the explosion was refused at the local offices of the company here.

CHILDREN DEAD, MOTHER PROBABLY FATALLY BURNED

(ASSOCIATED PRESS TELEGRAM)

Marietta, O., May 9.—Letha Wells, 10, and her brother, Harold, 9, are dead and their mother, Mrs. Emma Wells, is probably fatally burned, as the result of a fire in their home at Friendly, W. Va., last night. Miss Letha poured crude oil over hot coals to kindle a fire in the kitchen stove. An explosion followed. Mrs. Wells was burned when she attempted to rescue her children. Friendly is several miles north of Marietta on the Ohio river.

20 Drowned as Lake Steamer Broke in Two During a Storm on Lake Superior Yesterday

(ASSOCIATED PRESS TELEGRAM)

Sault Ste Marie, Mich., May 9.—Twenty persons are believed to have been drowned when the steamer S. R. Kirby, of the Northwestern Transportation company of Detroit and Cleveland broke in two during a storm on Lake Superior yesterday and sank. The disaster occurred four miles off Eagle Harbor, Mich.

Otto Lindquist a stoker on the Kirby, was picked from floating wreckage yesterday afternoon by sailors on the steamer Joseph Block. When brought here today Lindquist declared he saw the Kirby sink and that, so far as he knew, he was the only survivor. The Kirby was commanded by Captain David

TORPEDO

Struck White Star Line's Steamship Cymric Monday Afternoon

VESSEL SANK EARLY TODAY

Had Mixed Cargo But No Passengers

5 KILLED BY EXPLOSION

Which Took Place In Engine Room of Ship Where Torpedo Struck—Probably No Warning Given By Submarine—Messages From American Consul Tells of Catastrophe.

(ASSOCIATED PRESS TELEGRAM)

London, May 9, 11:02 a. m.—Lloyds reports that the White Star liner Cymric sank at three o'clock this morning. All on board were saved.

American Consul Frost at Queens-town has telegraphed Consul General Skinner here that he has been unable to ascertain whether any Americans were among the crew of the Cymric or whether the vessel was armed. He has gone to Bantry to meet the survivors and ascertain if any Americans were lost.

Consul Frost's message announced that five members of the Cymric's crew were killed by a nexplosion.

London dispatches yesterday said the 12,000 ton steamship Cymric had been torpedoed by a German submarine. A message from Queens-town last night said the vessel, torpedoed at four o'clock Monday afternoon was still afloat and was proceeding to an Irish port. The Cymric left New York April 29 with a large cargo of war munitions for Liverpool. She had been in service as a freighter for several weeks and carried no passengers. Her crew numbered 100 men, none of whom, so far as known at the White Star offices in New York, is an American.

THREE MESSAGES SENT BY CONSUL ON CYMRIC INCIDENT.

(ASSOCIATED PRESS TELEGRAM)

Washington, May 9.—In reporting the torpedoing of the White Star liner Cymric to the state department today American Consul Frost at Queens-town said the vessel sank at three o'clock this morning.

Five of her crew of 107 were killed by the explosion the consul reported.

The Cymric was torpedoed at four p. m. Monday 138 miles west of Fastnet according to Consul Frost. He said it appeared that the attack was made without warning. The survivors, he reported, will land about noon today at Bantry.

Three messages regarding the Cymric came from Consul Frost through the state department. The first dated yesterday was as follows: "Cymric torpedoed four p. m. today, 138 miles west of Fastnet. Do not think sunk. Will supply details as they arrive."

The second message read: "Cymric cleared New York April 29 without passengers. Had mixed cargo with horses. On admiralty service. Torpedo hit engine room killing five out of crew of 107. Absence of warning inferable. Ship still afloat, but provisionally abandoned. Survivors will probably land at Bantry, May 9."

The last dispatch from Consul Frost reaching the state department at eight o'clock this morning dated today, read: "Cymric sank three a. m. today. Crew arriving Bantry about noon."

FUNSTON RETURNS TO HEADQUARTERS.

(ASSOCIATED PRESS TELEGRAM)

El Paso, May 9.—On receipt of news that President Wilson had ordered out the border states militia General Funston announced that he would immediately return to his headquarters at San Antonio.

GENERAL OBREGON AND MEMBERS OF HIS STAFF ON BORDER

Left to right: Major Alberto G. Montano, Major Rafael T. Villagran, Baldomero A. Almada, Major J. M. Carpio, Mexican Consul at El Paso A. G. Garcia, his secretary, and General Alvaro Obregon.

President Calls Out Militia of Three States to Patrol Border; More Regular Troops Also Sent

(ASSOCIATED PRESS TELEGRAM)

Washington, May 9.—President Wilson has called out the militia of Texas, Arizona and New Mexico to deal with the border situation.

Secretary Baker today issued the following statement regarding the use of the militia:

"The outbreak in the Big Bend district of the Rio Grande has so far further emphasized the danger of similar occurrences along our long border that the President has called out the militia of Arizona, New Mexico and Texas and directed them to report to General Funston, who will assign them to stations along the border for patrol duty."

"In addition to that, two additional regiments of regular infantry have been directed to proceed to the border and such further arrangements will be made as are necessary for the complete security of the people of the United States against raids of this character."

Secretary Baker said the militia of the three border states would make available about four thousand men.

In addition three regiments of regular infantry were today ordered to the border. These regiments were the 30th infantry now at Plattsburgh, N. Y., the Third infantry at Madison barracks, divided between Watertown and Oswego, N. Y., the 21st infantry at Vancouver barracks and two battalions of the 14th infantry at Ft. Lawton, near Seattle, Washington. The total additional force sent to the border under these orders including both regulars and militia is approximately 7,000 men.

Secretary Baker stated also that published reports that the raid upon Glenn Springs had been organized on the American side of the line, according to Mexican reports, had been telegraphed to General Funston that he might investigate.

Secretary Baker said the orders sending more troops to the border were made up on the joint recommendation of both General Scott and General Funston and were without significance in connection with the Scott-Obregon conferences. Regarding the progress of these conferences Secretary Baker said General Scott was awaiting a communication from General Obregon. Further than this the secretary refused to discuss the status of the conferences.

Generals Scott and Funston, advised the war department that more troops were urgently needed along the border, as a return of the Big Bend raiders might be expected.

Secretary Baker described the new troop movement as a step merely for the protection of the border.

While Secretary Baker's statement said only two regiments of regulars had been ordered to the border, orders actually were sent to three regiments. The secretary said an error had been made in preparation of the statement.

TROOPS START

With Machine Guns to Augment Scattered Detachments.

(ASSOCIATED PRESS TELEGRAM)

Marathon, Tex., May 9.—One hundred and twenty cavalrymen of Troops F and H of the 14th cavalry and a machine-gun troop started toward the Mexican border just after sunrise this morning. This new force of American cavalrymen plans to reinforce the two troops of cavalry that moved forward yesterday from a new army base to Glenn Springs which was raided by a large band of Villa followers last Friday. The two troops that went southward toward the command of Col. Frederick W. Sibley, who will be in charge of all the American forces now moving to Glenn Springs and Boquillas. The forces will augment the scattered detachments of

cavalrymen who have been guarding the long border line. Officers do not believe any punitive expedition will be sent into Mexico. Word is eagerly awaited today from Captain Casper Cole who with a detachment of 23 men are threading every trail along the Rio Grande to ascertain if there are any bandits still lurking on this side of the river. Cowmen returning from the Big Bend country, assert with positiveness that there are many bands of Villa's men awaiting an opportunity to ford the Rio Grande and make other attacks on lonely American homes and ranches.

BANDITS ESCAPE

Made More Effective by General Obregon's Delay.

(ASSOCIATED PRESS TELEGRAM)

El Paso, May 9.—Without considering the negotiations between Major General Hugh L. Scott, chief of staff of the American army and General Alvaro Obregon, Mexican military operations today to direct military operations in the Big Bend region of Texas. How far the operations will be carried was not generally known and there was reason to believe that even General Funston was equipped to predict what the American troops would be doing or where they would be a week from now. Whether they cross into Mexico in search of the Mexicans who raided Glenn Springs and Boquillas Friday night and Saturday will depend upon circumstances after the four troops of cavalry that yesterday detained and started south, have arrived at the border.

It was indicated that another conference between Generals Scott and Obregon might take place today and that General Obregon is expected to be in a position to sign the agreement entered into by him and General Scott last week. What was expected to be the final conference came to an end yesterday without an agreement having been effected. Neither General Scott nor General Obregon was convinced that the time to break off the negotiations had arrived, however, and tentative arrangements for another conference were made. The failure to receive

General Hough's officers were kept in close touch with developments in the Mexican situation today, notification by wire being received from Washington that the national guard of three border states had been called out for patrol duty.

Guard officials said no instructions had been received to be in readiness for a quick mobilization of Ohio guardsmen.

No Human Being Could Live in Zone of Bombardment of Germans Upon Verdun Front

(ASSOCIATED PRESS TELEGRAM)

Paris, May 9, 8:45 a. m.—The latest assaults of the Germans on the defenses of Verdun have served to demonstrate the high pitch of efficiency to which the French have brought the use of the machine-gun. The French front line trenches are being defended by machine-guns with comparatively few men to serve them and with the addition of new automatic rifles two of which are the equivalent of one machine-gun. The 48-hour preliminary bombardment of the Germans is described by eye-witnesses as more severe than anything which hitherto has been experienced, and it is remarked that the Germans were justified in believing no human being could have lived in the zone subjected to this bombardment.

Nevertheless the French are such adepts at constructing underground shelters that when the German infantry stepped from the trenches scores of well placed machine-guns opened concentrated fire. It is said that a Prussian division which was engaged on Sunday on the Haumont wood—Thiamont farm—Douaumont fort line, lost more than fifty per cent of its effectives.

The battle shows every sign of continuing.

It is generally believed here that the Germans have transferred considerable forces to Verdun both from other sections of the western front and from the Russian front.

General Obregon is not held responsible for the plans of the negotiations now reached. It is said he favored an early conclusion of the negotiations along the line indicated by the United States.

His arrival in Juarez, however, circumstances are said to have been such that he was unable to reach the conference.

At yesterday's conference Obregon was arranged to be the first to speak. He was interrupted by General Scott and General Funston.

STRENGTH

Of Entire National Guard Will Be Called Upon if Necessary

FOR PROTECTION OF THE BORDER

Funston Free to Follow Any Available Trail

IN PURSUIT OF BANDITS

Obregon for Some Reason Refused to Sign Protocol Agreement Already Approved by President Wilson Which Tends to Complicate Conference Situation—No Withdrawal

(ASSOCIATED PRESS TELEGRAM)

Washington, May 9.—National guardsmen of three states, Arizona, New Mexico and Texas were called out by President Wilson today to aid in protecting the border against Mexican raiders.

In addition practically all remaining mobile troops of the regular army were ordered to join the border forces.

By these orders approximately 8,000 additional troops were placed under Major General Funston's command. Behind the orders is the plain intimation by administration officials that the whole strength of the National Guard will be similarly employed if necessary.

The orders were issued after a brief conference between President Wilson and Secretary Baker over a joint report from Generals Scott and Funston at El Paso. These two officers stated that the Glenn Springs raid made it plain that the border guard must be materially increased.

Secretary Baker has not been advised whether a new expedition has crossed the border in pursuit of the raiders, but orders have not been changed and General Funston is free to follow any hot trail across the line.

No further word has come to clear up the border conference over the status of Gen. Pershing's expedition and co-operative action. It was learned authoritatively that Gen. Obregon refused yesterday to sign the protocol agreement already approved by President Wilson. His reason for doing so was not disclosed. Officials said however, that no demand has been made for the immediate withdrawal of American forces.

The conference situation was further complicated by official advices from Mexico City saying General Carranza had agreed to the protocol.

It was made plain here that the expedition will remain in Mexico until the Carranza government has proven its ability to check brigands and guarantee the security of American border towns. Secretary Baker said there had been no change in policy.

Eliseo Arrandondo, Mexican ambassador denied to Secretary Lansing that General Obregon had made any demands for the withdrawal of the American troops or that he had moved his troops into strategic positions during the conference. Mr. Arrandondo furnished information which he said tended to show that the Glenn Springs raid was organized from the American side of the line by those seeking to invoke the two countries in war. This data was telegraphed to General Funston for such investigation as he can make.

CRITICAL STAGE

Has Developed in Negotiations of Scott and Obregon

(ASSOCIATED PRESS TELEGRAM)

El Paso, May 9.—A critical stage apparently has developed in the negotiations between General Hugh L. Scott, chief of staff of the United States army and General Obregon, minister of war of the de facto government in regard to co-operation with American forces in Mexico.

That the point has not been reached, in fact, may not be reached, where the negotiations will end in a disagreement, was indicated today however, from authoritative sources.

It was said General Obregon had asked for another conference with the American representatives following yesterday's brief meeting in the private car of Generals Scott and Funston. From Juarez came the information that General Obregon thought the negotiations might end here another two or three days.

While the gravity of the situation admitted, it is thought that in next meeting steps to avoid a war will be taken.

General Obregon is not held responsible for the plans of the negotiations now reached. It is said he favored an early conclusion of the negotiations along the line indicated by the United States.

His arrival in Juarez, however, circumstances are said to have been such that he was unable to reach the conference.

At yesterday's conference Obregon was arranged to be the first to speak. He was interrupted by General Scott and General Funston.

FIRE TRUCK IS STRUCK BY CUT OF CARS

APPARATUS ALMOST DEMOLISHED
AT EAST MAIN CROSSING
OF B. & O. R. R.

Firemen Escape Without Serious Injuries and Horses Suffer Only Minor Cuts—Track Sent to Factory.

O. E. Myer, driver of the East Newark hose wagon, David E. Griffith, captain of the company, were cut and bruised, both horses injured and the wagon itself reduced to a mass of wreckage last night shortly before 7 o'clock, when the truck was struck at the East Main street crossing of the B. & O. railroad by a cut of cars being switched at the crossing. Frank Trost, supervisor of the East Newark company, escaped injuries, though he had probably the narrowest escape of any of the firemen.

Trost had been riding on the side step of the truck until it reached the crossing. While waiting for the signal to advance, Trost left the side step and mounted the rear step where he was when the crash came. The step he had occupied a few minutes before received the full impact of the collision and the fireman surely would have been crushed had he not changed positions.

The accident was the result of a misunderstanding of signals on the part of some one. The truck was on its return trip to the fire station after responding to an alarm of fire from the plant of the American Bottle Co.

Approaching the Main street crossing, the fire truck was following closely another rig of the Vogelmeier transfer line. The two vehicles stopped at the crossing to await a signal. A railroad man on top of a box car waived his arm which the driver of the Vogelmeier rig and the firemen took to be a signal that the crossing was clear. Both vehicles started across the tracks and at the same instant the engineer started forward with a cut of cars.

The driver of the Vogelmeier rig whipped up his horses and just cleared the track but the fire truck was squarely in front of the approaching car when the crash came.

The impact almost demolished the truck. Firemen Griffith and Myer were thrown from the front seat to the street, the horses were knocked from their feet and the truck itself was shoved along the tracks to a point about east of the watchman's shanty before the engine was stopped.

Fearing that the men on the rig must have received serious injuries, calls were sent for ambulances and three responded but all the firemen refused to avail themselves of the opportunity to have their injuries given the attention of physician.

Safety Director Cecil A. Bigbee and Fire Chief Louis Busch were on the scene soon after the smashup and Director Bigbee took charge of

AMERICA ACCEPTS GERMANY'S AVOWAL, BUT INSISTS UPON ITS FULFILLMENT

Washington, May 9.—Following is the text of the note cabled yesterday by Secretary Lansing to Ambassador Gerard at Berlin, with instructions to deliver it to the German minister of foreign affairs:

"The note of the Imperial German government under date of May 1, 1910, has received careful consideration by the government of the United States. It is especially noted, as indicating the purpose of the Imperial government as to the future, that it is prepared to do its utmost to confine the operation of the war for the rest of its duration to the fighting forces of the belligerents, and that it is determined to impose upon all its commanders at sea the limitations of the recognized rules of international law upon which the government of the United States has insisted.

"Throughout the months which have elapsed since the Imperial government announced on February 4, 1915, its submarine policy, now happily abandoned, the government of the United States has been constantly guided and restrained by motives of friendship in its patient efforts to bring to an amicable settlement the critical questions arising from that policy. Accepting the Imperial government's declaration of its abandonment of the policy which has so seriously menaced the good relations between the two countries, the government of the United States will rely upon a scrupulous execution of the Imperial government's new altered policy of the Imperial government such as will remove the principal danger to an interruption of the good relations existing between the United States and Germany.

"The government of the United States feels it necessary to state that it takes it for granted that the Imperial German government does not intend to imply that the maintenance of its newly announced policy is in any way contingent upon the course or result of diplomatic negotiations between the government of the United States and any other belligerent government, notwithstanding the fact that certain passages in the Imperial government's note of the fourth instant might appear to be susceptible of that construction.

"In order, however, to avoid any possible misunderstanding, the government of the United States notifies the Imperial government that it cannot for a moment entertain, much less discuss, a suggestion that respect for German naval authorities for the rights of citizens of the United States upon the high seas should in any way or in the slightest degree be made contingent upon the conduct of any other government affecting the rights of neutrals and noncombatants. Responsibility in such matters is single, not joint; absolute, not relative."

JOHN WESLEY'S RITUAL STILL IS BEING ARGUED

SOME METHODIST PREACHERS
THINK OLD FORMS SHOULD
STAND

While Others Believe Many Words
Have Meaning Different from
that of 1739.

[ASSOCIATED PRESS TELEGRAM]
Saratoga Springs, N. Y., May 9.—

Debate was resumed today by delegates to the general conference of the Methodist Episcopal church on proposed change in the ritual of the church, which have been submitted by a special committee appointed four years ago.

Discussion of the suggested revision indicated that some opposition existed over the substitution of modern language for the terms used by John Wesley, who wrote the form of services when he organized the Methodist church in 1739. This opposition is based largely on the use of the American revision of the Bible instead of the authorized version, in parts of the ritual where Scriptural selections are required.

Those who have been in charge of the revision assert that many of the so-called archaic terms now imply a meaning different from that they conveyed 200 years ago.

Debate on the proposed changes is expected to continue for several days.

A revised ritual for the church was virtually assured today when the conference by an overwhelming vote referred to the board of bishops the report of the commission on revision of ritual. The bishops were authorized by the conference to accept or reject the report, or to make any changes they considered desirable.

This action came as a surprise to nearly all of the delegates. After a prolonged debate over the phraseology of the prayers employed in the baptism of children, John Timothy Stone, a lay delegate of Baltimore, Md., moved to refer the entire matter of revision to the board of bishops. This motion was finally adopted.

It is understood the members of the bishops' board are virtually unanimous in their desire for revision, and any changes made in the committee's report will be of minor importance.

Bishop Israel B. Scott, a negro, in charge of the denominational work in Liberia and other parts of Africa was retired at his own request.

**PRESBYTERY WILL
NOT NOW PREPARE
A FORMAL ANSWER.**

[ASSOCIATED PRESS TELEGRAM]
New York, May 9.—Leaders of the New York Presbytery have decided not to call a special meeting of that body, to prepare a formal answer to the charges made against it by the Cincinnati and other Presbyteries which demand that the New York organization be excluded from participation in the general assembly.

After a conference it was decided that it would be wise to say nothing at this time. Six Presbyteries have joined with Cincinnati in overtures in favor of excluding the New York Presbytery because graduates of the Union Theological Seminary were admitted to the ministry. Members of the New York organization expect that a committee will be named by the general assembly to make an investigation and say that it will be welcomed.

**INTemperance IS
TO BE FOUGHT BY
LIQUOR DEALERS.**

Louisville, Ky., May 9.—Eight hundred distillers, wine pressers, wholesale liquor dealers and representatives of allied industries from throughout the country are in Louisville today for the twenty-first annual convention of the wholesale liquor dealer association of America.

A campaign will be launched, it is stated, against the intemperate use of liquor by the "exceptional drunk."

and described in the cell for the meeting as "the heaviest faculty" of that body and the "most important factor in creating an unjust and unwarranted sentiment in mistaking the abuse of natural stimulants for that proper and moderate use which existed since the earliest times."

K. OF C. CONVENTION OPENS IN AKRON.

[ASSOCIATED PRESS TELEGRAM]
Akron, O., May 9.—Two hundred delegates from all parts of Ohio are here today to attend the annual state convention of the Knights of Columbus. Many delegates are accompanied by their wives. The delegates will march in a body to St. Bernard's church this morning to attend a memorial service for the late mass. A business session will be held immediately after the mass. Officers will be elected and a convention city for 1917 selected.

Proof That We Are Sheepish.

The Pittsburgh man who several years ago won a dinner from an Indiana county relative by taking a small piece of wood, a hammer and a nail and blocked traffic on lower Fifth avenue of the steel metropolis by hammering the nail into the shingle resting on the sidewalk has a follower here who did a similar stunt. The New Yorker won his wager by placing a ball of paper six inches in diameter at the corner of Wall street and Broadway and by staring at it got a crowd of a hundred people in five minutes. It proved the old contention of the psychology of crowds, showed that all the jokers are not living in the country and revealed that we humans all are more or less sheep.—New York Letter to Pittsburgh Dispatch.

WEST VIRGINIAN WOULD BE SENATOR

Howard Sutherland.

Howard Sutherland, Republican congressman-at-large from West Virginia, probably will be nominated for senator by the Republicans of that state to oppose Senator Chilton, who will be renominated by the Democrats. Sutherland is a lawyer and is fifty-one years of age.

OFFICER SUNKLE ARRESTS MAN IN HARDWARE STORE

Charge of Burglary is Filed Against
George Lyle an Employee of the
Montgomery Store in Cedar
Street.

George Lyle, 49 years old, an employee of the Montgomery hardware store in Cedar street near the Pennsylvania shops, was arrested about 9 o'clock last night in the store by Officer William Sunkle. A charge of burglary was filed against the man. At the city prison when the officers searched him before placing him in a cell, a number of pocket knives were found in his pockets and he had in his possession a plane, a hammer, a screw driver and other articles which the officers claim he took from the store.

Officer Sunkle was standing on the south side of the Pennsylvania railroad about the hour named, when a freight train passed. While the train was passing a man on the north side of the track heard a crash of falling glass and called to the officer as soon as the train cleared the crossing. Sunkle responded promptly and hurried to the Montgomery store where he found the glass broken from the door.

Inside, he saw a man behind the counter. The officer drew his gun,

reached through the hole in the door and pulled back the lock, and entered.

As he entered the man started for the rear of the store closely followed by the officer. Passing through store rooms and sheds the man sought refuge in a stable in the rear, where he was located by the officer in a horse's stall. He was placed under arrest.

Lyle told the officer that he saw a man in the store and that he went in to protect the firm's property. However, an affidavit charging burglary and larceny was filed this morning. He may get a hearing later today.

Lyle has been employed at the Montgomery store for the past twelve years and has worked there several times on previous occasions.

Police Chief Sheridan this morning praised the courage of Officer Sunkle in entering the store after the man, particularly when he learned that the officer believed that the burglar was a well known police character, who, it is believed, would not have hesitated to shoot the officer had he been cornered.

DAY IN CONGRESS

The congressional business for today is thus summarized:

Senate.

Met at noon.

Army bill again sent to conference.

Miscellaneous calendar bills considered.

House.

Met at 11 a. m.

Resumed discussion of the rural credits bill.

A Pretty Foot In a Pretty Pump or High Boot

Is enough in itself to give the woman the reputation of dressing well if her clothes are at all worthy

The women never had a greater opportunity for gratifying their taste in footwear than this season. The high boots and the low shoes, vie with each other in popularity. No more words can describe the beauty and style of our wonderful lines which are now complete. Boots and pumps of dull kid, patent, gray, tan, bronze, and white. You must see the

New White Canvas High Lace Boots At \$3.00

With white Louis heels—it's a wonderful value. The white reigaskin pumps in the new Knickerbocker style and the Colonial pumps in dull and patent are beauties at \$4.00. The new cross strapped pumps at \$3.00 are very popular.

For growing girls we have just received stylish new pumps in dull and patent with adjustable strap at \$2.50 and \$3.00. We are exclusive agents for the Grover shoes—the real comfort shoe for women—in oxfords and high shoes.

The Shoes That Men Like

COMFORT AND SERVICE APPEAL PARTICULARLY TO MEN AND WE HAVE THEM COMBINED WITH STYLE in the Stetson shoes, Strong & Garfield shoes, the Walker Whitman shoes and for the man who has foot troubles, Dr. Reed's Cushion Sole Shoes and the Oshkosh Rubber Heel Shoes will prove a boon. The new low shoes for men are here in all the latest lasts and wanted leathers—the English last, the new conservative Straights, high toes and broad shapes in mahogany, the new dark tans, dull kids and patents.

Great Values in Men's Work Shoes Are Here

In all styles, grades, leathers and sizes for every purpose. We are agents for the famous Menz "Easo" shoes—the shoes that stay soft and wear longer.

Our inflexible policy of—only the best materials and workmanship at reasonable prices has made the New King Co. the greatest store in Newark. There is no advance in prices here—we bought our present stock before the rise in the market.

RUSHING WORK ON PLANT FOR MILLER AND CO.

Mercer Brothers, contractors for the construction of the new packing plant for C. W. Miller & Co., in Daniel avenue, Wehrle addition, will "pour" the main floor of the big building Wednesday and Thursday. Any one interested in this type of construction work is invited to watch the operation. The frame for this work is said to be especially well done.

The work on the building is being pushed as rapidly as possible and an effort is being made to complete the building for occupancy within a few months.

BUILDERS EXCHANGE MEETING.
At the regular meeting of the Builders Exchange last night at their rooms in North Park Place, Benjamin Rutherford was elected to represent the Builders Exchange in the new Newark Chamber of Commerce. Routine business was transacted after which a sumptuous four course supper was served the members at the McDermott's.

The roller jewel of a watch each day makes 4432,000 impacts against the fork, or 157,680,000 in a year, or 3,153,000,000 in 20 years. A force of one-horsepower would run 270,000,000 watches.

NOTICE
To all K. of P's and those holding invitations:
K. of P. Dance Club gives its last dance, Friday, May 12. Ladies without escorts will not be admitted.

FIRST EARTH DUG FOR NEW POSTOFFICE

Postmaster Frank Mercer dug the first shovel of dirt for Newark's new government building at the corner of East Main and First streets at nine o'clock this morning. The second shovel of dirt was thrown by H. D. Hale for the Advocate and C. L. H. Long for the American Tribune.

The new building will be erected on the Sherwood site and will face First street. Contracts for its construction will be received July 1 at which time the contract will be awarded, \$190,000 having been appropriated for that purpose.

A soil test for the government was made today by Engineers S. B. Shepard and M. A. Ankle, they having been awarded that contract by Supervising Architect James A. Wetmore. Two pits are being dug, one to determine the outline of the footer of the Sherwood hotel building and the other to determine the strata of the various soils and the bearing pressure of the same. This is done to determine the character of the foundation which will be required for the new building.

The pits are to be dug twelve feet deep and are then to be bored five feet further. The different samples of soil will be placed in cans and sealed until the supervising architect sends an inspector to the city when it will be opened in his presence and Messrs. Shepard and Ankle will hand him a report of the analysis of the same.

SUPREME COURT OF OHIO GIVES ITS DECISIONS

(Associated Press Telegram)
Columbus, May 9.—Railroads cannot limit the amount of their liability by statements on the back of baggage checks that the carrier will not assume liability to exceed \$100, according to a decision today by the Ohio supreme court.

In a trip from Toledo to Youngstown Rose Steinberg's trunk was lost on the railroad. She sued in the Mahoning county courts for \$900 and was given a verdict of \$285. The railroad appealed the case on the ground that the statement on the back of its baggage check prevented its having to pay more than \$100. The supreme court upheld the Mahoning county court's verdict.

The court was asked to order the Appellate court of Hamilton county to certify records for review in cases of the City of Cincinnati against Mayor Puchta and Auditor William Leimann of Cincinnati. The cases relate to the validity of bond issues voted on at the presidential preference primaries on April 25.

Dora Willing and other children of the late William Willing of Cleveland, who died within the past two years in his 91st year, cannot be compelled to pay Elizabeth Willing, wife of the decedent, for taking care of him during the illness which preceded his demise. She put in a bill for \$2920, at the rate of \$20 a week. The supreme court allowed the motion of the children asking that the case be thrown out.

Charles J. Gulling, a Canton grocer, won a personal injury suit for damages against the Pennsylvania railroad, when the court overruled the company's motion for an order directing the Stark county court of appeals to certify the case. Gulling was run down by driving over the Nickle Plate crossing in Canton, November 12, 1914.

The Mahoning county cases of Daniel Arbuckle against the American Belting Co. was settled and dismissed by consent of both sides, the company paying the costs.

Nicola Cerri, royal Italian vice counsel at Cleveland won a verdict in a Lorain county case brought against Florondo Zero, administrator, who gets nothing as a result of a verdict reversing the judgment of the court of appeals. The decision has no effect upon the recent ruling of the court construing the treaty relations between the United States and foreign countries.

+ NATURAL GAS USED FOR GASOLINE AND PATENT IS ASKED.
+ [Associated Press Telegram]
+ Lima, Ohio, May 9.—Three + local automobilists believe they + have discovered a substitute + for gasoline after having made + a successful 40-mile test in a + touring car. A New, Harmless Way to Banish Hairy Growths

(Beauty Topics.)
By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face: With powdered delatone and water, mix enough paste to cover the unwanted hairs; apply and in 2 or 3 minutes rub off and wash the skin. This method is unfailing, harmless and quick in results, but care should be employed to get the genuine delatone.

Two-thirds water and one-third solids is the composition of the human body.

YOU'D stand on a corner or rush to a window any day to hear a band go by.

The Victrola makes the world's greatest bands parade before you as you sit in your easy chair—Sousa's Band, Pryor's Band, Vessella's Band, Conway's Band, U. S. Marine Band, and other famous musical organizations.

Any Victor dealer will gladly show you the complete line of Victors and Victrolas—\$10 to \$400—and play the music you know and like best, which is the only way for you to personally judge its capabilities of satisfying your musical longings.

ESTABLISHED IN 1870

Entered as Second Class Matter
March 10, 1882, at the postoffice at
Newark, Ohio, under the Act of March
3, 1879.

If it were not for the poutal nations,
the belligerents might have to
pay for their own wars.

The glorious British army has
again extricated itself from danger
by surrendering to the Turks.

When a man gets the bill for his
wife's new millinery, there is no
doubt in his mind that spring has
really come.

There may be no skeleton in the
closet, but to the householder the
thought of the lawn mower in the
basement is quite as bad.

Soon will come the big varsity
ball games and boat races, at which
time the reward of four years' hard
study will be reaped.

After claiming that they don't
like publicity, some girls will come
down town wearing white shoes with
15 inch tops and a short skirt.

If the men were running the
houses, the dirt would be swept under
the sofa, where it wouldn't make
all this bother of house cleaning.

After ordering the grocery man
to drive out a mile and a half with a
yeast cake, club women in Indiana
listen to papers showing that the in-
creased cost of living is due to the
trusts, tariff, the war, and the in-
creased gold supply.

There are ten people who walk for
everyone who rides, and yet you never
hear of a dinner given for the pro-
motion of Good Sidewalks with
speeches, toasts, and champagne. We
ought to have a dinner or two of this
kind right here in Newark.

What Fish Contend With.

If it were not for the efforts made
to restock streams and lakes, the fol-
lower of Izaak Walton would find but
poor picking on his spring fishing
trip. As it is, he deplores bitterly
that sport is not what it used to be.

A plentiful stock of fish seems
hopeless under modern civilization.
Wherever man goes he upsets the
course of nature. He lays his de-
stroying hand on the wild life of the
woods and the dwellers of the
streams. What is killed for recre-
ation may not exhaust nature's
treasures as much as what is killed
for the market.

Man's works are hostile to the life
of the streams. He turns the sewage
of his towns, the dirty daily refuse
of his factories, and the sawdust
from his timber, into the streams
and then complains that sport is no
good.

The automobile is an enemy.
Where formerly only the farmer's
boy fished the plentiful streams,
now the motor parties may come out
from a city a hundred miles or more
distant. But the country people are
not hostile to these visitors, as they
pay well for their privilege. But
population has increased, the pro-
portion of those who enjoy sport is

as great as ever, people have more
leisure and money, and often there
is a fisherman for every trout.

If the people care to preserve fish
and game for g-nime sport, hunting
and fishing for market sale will have
to be stopped altogether. This will
be no hardship. The millionaires
and chorus girls of the great cities,
and the society sojourners at costly
hotels, can find other viands just as
attractive.

A stream well stocked with fish is
an asset for a whole section. It
provides the most health giving kind
of recreation. It supplies a whole
district with appetizing food. And it
promotes business by drawing visitors
from the cities. These rights
should not be sacrificed for the
soulful economy of selling for mar-
ket use.

Domestic Pets.

A capitalist living in another town
announced a few years ago that he
would lay out a residence street with
special restrictions against keeping
domestic pets. He proposed to in-
sert a clause in each deed, forbid-
ding the keeping of dogs and hens.
While he would not exclude cats ir-
revocably, yet he proposed to sell on-
ly to persons who during their oc-
cupancy would verbally agree not to
keep them. He believed that many
people would be attracted to his
street.

Many persons think dogs should be
kept only on farms. They are irri-
tated by the digging up of gardens,
depositing of bones over lawns, and
the historic tendency to bark at the
moon. They believe the canine has
no place in town life unless tied up.
They tremble at every pup that
barks, and telephone their neighbors
to shut up the beast before they ven-
ture to call.

Hens have long caused neighbor-
hood quarrels. As a town grows in
size, they become impossible save in
the outskirts. They are a great help
in reducing living costs, and many
people find egg production diverting
and profitable. But it is dreadful on
sensitive modern nerves, if a roos-
ter crows or a hen announces that an
egg is laid.

It will probably be some time be-
fore there are any dogless or cat-
less towns or even streets. A man
from the place first referred to tells
us that on the proposed dogless
street, no house has as yet been even
started. Apparently the anti-dog-
gies are not sure enough of the po-
pularity of their attitude to invest
money on it.

Many parents encourage children
to needless fear of animals. The
sensitive dog sees a cringing look in
the eye, and shows his teeth the more
ferociously. People who are not
afraid are rarely molested.

Heading Off Hughes.

(Philadelphia Record.)
According to The New York Sun,
which may be regarded as fairly re-
liable Republican authority, the Old
Guard leaders are so confident that
they have the Colonel bottled up
and squelched that they are now
turning their efforts to sidetracking
the Hughes boom. This was origi-
nally launched largely for the pur-
pose of heading off the Colonel, and
now that it has accomplished its pur-
pose the time seems opportune for
putting a curb upon it. Of all the
regular Republicans mentioned for
the Presidential nomination the G.
O. P. bosses have the least liking
for the Supreme Court Justice. When
he was Governor of New York he
was intensely unpopular with the
politicians of that State, and they
were delighted when President Taft
elevated him to his present position.
They know nothing about his views
on the questions of the day, though
he is generally supposed to hold
opinions much like those of Wood-
row Wilson, but they do know, from
his record at Albany, that in the
White House it would be impossi-
ble to handle him in those matters of
patronage and general jobbery that
are so dear to the bosses. It would
be far more difficult to effect a
working agreement with him than
with Theodore Roosevelt.

With the Republican convention
less than a month away the inter-
mediate time will probably be lar-
gely devoted to strengthening the
booms for favorite sons, so that
there may be no chance for a stum-
ped. If the Hughes movement can
be choked off the way will thus be
opened for practical negotiations
with the two-spots-Burton, Weeks,
Fishbanks, Sherman et al.—to de-
termine which is most amenable to boss
discipline. When the Old Guard
leaders have made up their minds on
this point the nominating orders will
be given to the convention, and the
American public will be relieved of
the terrible suspense which now
keeps it awake at night.

It is a very inspiring program be-
cause of the lofty political morality
that marks it. The party slogan,
"Anything to beat Wilson," is also
magnificent. Everyone can see at a
glance what a complete revolution in
methods and ideals was effected by
the split of 1912.

Quaker Quips.

(Philadelphia Record.)
The devil always finds some work
for idle knoekers.
Some people learn to do by doing,
others by being done.
Money talks, but it won't always
respond to an encore.
A man doesn't have to be a high
flyer to look down on his neighbor.
The under dog realizes that even
sympathy is apt to strike a man
when he is down.
Some men bite off more than they
can chew, even to the extent of com-
mitting bigamy.
Some people who marry in haste
are kept so busy that they haven't
any leisure to report.
The amateur gardener is apt to
call a spade a spade, with a few pro-
fane adjectives thrown in.
Wags—"That fellow B Jones is of
no earthly use." Wags—"I suppose
that's why the girls think he is just
heavenly."
It's a curious thing how much
coughing there is in church, until
the collection plate is passed.
You can't always tell from the
way a lovers' quarrel is patched up
who is going to be the boss after-
ward.
Wags—"Luck is a curious thing."
Wags—"You bet it is. The fellow
who doesn't believe in luck is lucky."
You never can tell. Just because
a man turns red when you call him a
lobster, it doesn't prove anything.
The trouble about marrying
money," says the Cynical Bachelor,
"is that a fellow has to take a wife
along with it."

Pointed Paragraphs

What will the millions in India
think when they hear about Kut-el-
Amara?—Charleston News and
Courier.

General Obregon was impressed
with the honesty and sincerity of
General Scott at their conference.
That fact also speaks well for General
Obregon.—New York World.

Even a Democratic Congress can
vote United States when it comes to
a pinch.—Brooklyn Standard-Union.

Colonel Theodore Roosevelt would
be glad, at their convenience, to con-
fer with all malefactors of great
wealth about the need of a heroic
man as President of the United
States. No muckrakers will be ad-
mitted.—Louisville Courier-Journal.

After a cold douche like the news
of the surrender on the Tigris it
isn't particularly strange that the
British aren't particularly agitated
at the prospect of a simple draft.

HINTS TO PROGRESSIVE FARMERS

Skimping Food of Colt Expensive.
"Skimping the colt's feed is an
easy method of throwing away
money, especially when the price of
draft horses is growing higher each
season," says J. S. Coffey of the
Animal Husbandry Department,
Ohio State University. Professor
Coffey points out that the feed and
the care a colt gets during the first
year and a half of its life determines
what it will be at maturity. "En-
courage the colt to eat early, pre-
ferably feeding crushed oats and
bran in equal parts. Let the colt
have alfalfa and clover hay as soon
as he will eat it. Maximum growth
comes from feeding some grain with
pasture grass. A colt stunted early
never fully recovers."

Chick Essentials.
Keep the chicks growing. Always
have fresh clean water before them.
Cracked wheat, bread crumbs, wheat
bran, rolled oats, beef scraps, green
cut clover, make good food for
chicks. Feed clean, unspiced feeds;
never use musty, moldy or low-grade
materials. Provide a variety-grain,
mash, milk, green foods, grit and
charcoal. Provide plenty of sun-
shine, plenty of room and keep the
chicks comfortable and busy.
Use Special Traps to Destroy Mole.
Since ground moles do not eat
freely of vegetable substances, the
practicability of using traps rather

Spirit of the Press

Forty Years in Congress.

"Uncle Joe" Cannon is a man of
many mistakes and serious. But he
is a likable man for all that. He
has certain human qualities that
everybody admires. That is the
reason why, after having been beat-
en for congress in his Illinois dis-
trict, he was returned after two
years. That is why congress stop-
ped for an hour, Saturday, to do
him honor on his 80th birthday. He
is a good fighter and a good loser,
and that atones for much.—Colum-
bus Dispatch.

Ill Bred Remark.

A man just back from Germany
says they're eating bread made of
wood over there. In that case, it
ought to be easy for a man to find
good board. Or how would you like
a piece of wooden bread with your
planked steak?—Columbus Citizen.

Democratic Legislation.

In spite of their shortage of Con-
gressional leaders of first class abil-
ity, the Democrats will be able to
point during the campaign to a sur-
prising record of legislation. The
most important item well, of course,
be the Federal Reserve and Currency
law. Between now and election
there will evidently be added a law
establishing a new rural credit or
farm loan system. This will empha-
size the paradox that a party which
has been such a prey to financial
heresy in the past should register in
precisely that field its most conspic-
uous legislative success. While the
campaign will chiefly turn, accord-
ing to present indications, and past
experience, on other issues it will
not do for the Republicans to ignore
the fact that their legislative record
will yield the Democrats campaign
material of a very valuable sort. It
is not less valuable because some of
the things which the Democrats will
point to were among the unfulfilled
promises of the Republicans during
their period of power.—Springfield
Republican.

Fundamentally a Victory.

While Germany's reply to Presi-
dent Wilson's ultimatum contains
much that is irritating, and more
that is irrelevant, its general effect,
as disclosed in its concluding phrase,
constitutes a distinct compliance with
the American demand, and to prove
a triumph for the President's course.
After long and patient efforts he
has apparently brought Germany to
an agreement on what international
law plainly decrees, and so can only
ask her to perform with fidelity
what she now promises. In these
circumstances the President would
have no occasion for withdrawing
Ambassador Gerard or otherwise
severing relations with the German
Government. In securing so much
that is substantive, he can afford to
overlook the annoying aspect of the
note's phraseology, doubtless de-
signed to meet conditions at home. Just
as he has allowed Carranza to "save
his face." The astuteness of our re-
lations with Germany thus appears
for the present to have passed. Let
us hope that there will be of it no
recrudescence.—Boston Herald.

A Little Fun

Pleasing Mother.
"Will you dance this dance with
me?"
"Mother has forbidden me to dance
with you."
"But she is out of the room."
"So it wouldn't be any fun. When
she comes back I'll give you a
dance."—Louisville Courier-Journal.

Happy Assurance.
Edith (still blushing)—Am I the
first girl you ever kissed?
Jack—No, darling, but you are the
last.

Questions and Answers.
A woman with a rapid-fire inter-
rogatory apparatus approached a
news butcher on a 'Prisco train out
of Cherryvale during the high wa-
ter a few days ago and asked, ex-
citedly:

"Say, when is the train due at the
next stop? How is it running? How
deep is the water on the track? How
do you sell your bananas?"
The vendor of fruit and literature,
who was something of a poet,
answered:
"Nine o'clock. On time. Knee
deep. Three for a dime."—Kansas
City Star.

The Advocate's Melting Pot

All ceremonies are, in themselves,
very silly things; but yet a man of
the world should know them. They
are the outworks of manners and
decency, which would be too often
broken in upon, if it were not for
that defense, which keeps the enemy
at a proper distance. It is for this
reason that I always treat fools and
coxcombs with great ceremony; true
good breeding not being a sufficient
barrier against them.—Chesterfield.

Them Tiresome Talkers.

What is more tiresome than the
person who says "you know" in every
other sentence.—Cincinnati Commer-
cial Tribune.

If you ask us, we'd say without a
moment's hesitation, J. I. T., the per-
son who says "doncha know" in ev-
ery sentence.

Heavens!

A man one morn looked in his mirror,
And thought, "Seems to me I look
a quillor;
Of gray hair there were signs,
On his forehead were signs,
'Twas merely old age creeping in."

Did You Know

That "Waights," anciently spelled
"Waights," is a name which has, at
successive periods of English history,
been given to different classes of
musical watchmen? The Waights ap-
pear to have formed a distinct class
from both the watch and the min-
strels. It was their duty to play the
watch nightly in the king's court from
Michaelmas to Shrove-Thursday four
times, in the summer nights three
times. Till recently the Waights were
officially recognized in England.

Trouble Ahead.

The Dayton News, in a burst of de-
fiance declares that "a shapely
ankle and a graceful foot, properly
apparelled, is the most beautiful thing
in the world." But why "properly
apparelled"? Surely the rose could
not be painted to advantage! The
man who wrote this delicious appreci-
ation is naively afraid that the girls
are going to be bullied into length-
ening their skirts. He fervently adds,
"those who set the styles have shown
us a beauty of limb at which we may
guessed before." And we'd be will-
ing to bet our week's salary that if
he's a married man he's going to
kick in to a nice little mess of do-
mestic trouble.

Do It Now.

There was a young lady of Wales
Who had an aversion for males;
When asked if she would
The fair maiden said
"I'll never be married."

We ground out these four lines
yesterday and decided to put it up to
you, dear reader, to supply the fifth.
We try to pay as we go and are will-
ing to spend a whole dollar for that
last line. The answers are already
coming in. The one that the editor
declares to be the best gets the cash
prize. No answer will be considered
after 8 a. m. Saturday, May 13.
Write the concluding line, sign your
name and address and mail or send it
to the Advocate Melting Pot. Obey
that impulse and do it now.

Aunt Collins

Will Knott an'
his sister-in-law
don't never seem
to get along well
an' every time
they git together
they's an argu-
ment. I was there
tother night an'
Will he com-
menced to knock
about the sufferin'-
gettes, which his
sister-in-law is a
firm believer in.
He says, "Wom-
an's spear is into
the home a-trying to make a happy
place fer her men-folks, an' she
should be proud an' happy to spend
her life over a cook stove, an' not
a-going on the rampage an' lettin'
her house go to rack an' ruin," he
says. At that Chilly Knott, which is
his sister-in-law, fair frothed an' she
stuttered in her excitement, "Oh,
you poor creature," she says.
"Poor!" says Will, "Poor! Why I'm
worth ten thousand dollars!" he
says. "Not to me," says Chilly.

Some Crains.
If fish is brain food really, then
We know some men, we ween,
Who have eaten in their lives
A whole sardine.
—Memphis Commercial Appeal.

We know some, who c'en this small bit
Did not assimilate;
They'd likely say in their obit-
uaries, "They overate."

HAVE PURE BLOOD

Hood's Sarsaparilla Makes Pure,
Rich, Red Blood.

Your heart works night and day
without pause. It is the principal
organ of the circulation of your
blood. It is of the utmost impor-
tance that it should do its work well.
The quality and quantity of your
blood have much to do with its ac-
tion. If this fluid is pure and abun-
dant, your heart and other vital or-
gans act with more energy than
when it is defective in quality or de-
ficient in quantity.

Hood's Sarsaparilla makes the
blood pure and abundant. It is the
one reliable medicine, that has been
sold for forty years, for purifying
the blood. There is no better blood
remedy, appetizer, stomach tonic, it
embodies the careful training, ex-
perience, and skill of Mr. Hood, a
pharmacist for fifty years, in its
quality and power to cure.

There is more Catarrh in this section
of the country than all other diseases
put together, and for years it was sup-
posed to be incurable. Doctors pre-
scribed local remedies, and by con-
stantly failing to cure with local treat-
ment, pronounced it incurable. Cat-
arrh is a local disease, greatly in-
fluenced by constitutional conditions
and therefore requires constitutional
treatment. Hall's Catarrh Cure, man-
ufactured by F. J. Cheney & Co., Toledo,
Ohio, is a constitutional remedy, is
taken internally, and acts through the
blood on the mucous surfaces of the
System. One Hundred Dollars reward
is offered for any case that Hall's
Catarrh Cure fails to cure. Send for
circulars and testimonials.
F. J. CHENEY & CO.,
Toledo, O.

Sold by Druggists 75.
Hall's Family Pills for constipation.

An Ideal Spring Laxative.
A good and time tried remedy is
Dr. King's New Life Pills. The first
dose will move the sluggish bowels,
stimulate the liver and clear the sys-
tem of waste and blood impurities.
You owe it to yourself to clear the
system of body poisons, accumulated
during the winter. Dr. King's New
Life Pills will do it. 25c at your
druggist.

FEEL GOOD
ALL THE TIME

A Clear Head—That Clean,
Refreshed Feeling Inside,
Follow Immediately

You can't feel good when your
blood is absorbing toxic poison.
When the nourishment is extracted
from your food the waste is passed
into the lower bowels to be dis-
charged. Your mode of life does not
give you sufficient exercise to en-
able nature to dispose of this waste.
In a little while this excess food
turns to poison, which is absorbed
into the blood, then you feel tired
and nervous. When you get up
your head feels heavy or dull, some-
times aches, your eyes look tired
and the whites are yellow; you have
a bad taste in your mouth and your
mouth and your breath is offensive.
You have become a victim of constipation.

Just do this: Get a bottle of Tollo
Water from your druggist, it only
costs a trifle, and before you eat
anything, kettelmennersystemfe
a breakfast tomorrow morning pour
out about one-third of a tumbler of
Tollo Water, fill it with plain water
—hot, if convenient—and drink it.
You will get relief immediately and
feel good for the rest of the day.

Water is nature's cleansing agent
and should be used in preference to
drugs, which are habit forming and
force rather than help nature.
Tollo Water comes from Dawson
Springs, in the beautiful hills of
Kentucky, where for years thou-
sands of people from all over the
world have gone to get relief from
Constipation, Stomach and Liver
troubles.

CAN'T BEAT "TIZ"
WHEN FEET HURT

"Tiz" for sore, tired, puffed-up
aching, calloused feet or
corns.

You can be happy-footed in a mo-
ment. Use "Tiz" and never suffer
with tender, raw, burning, blistered,
swollen, tired, aching feet. "Tiz"
takes the pain and soreness out of
corns, callouses and bunions.
As soon as you put your feet in
a "Tiz" bath, you just feel the hap-
piness soaking in. How good your
poor, old feet feel. They want to
dance for joy. "Tiz" is grand. "Tiz"
instantly draws out all the poisonous
exudations which puff up your feet
and cause sore, inflamed, aching,
sweaty feet.

Get a 25-cent box of "Tiz" at any
drug store or department store. Get
instant foot relief. Laugh at foot
sufferers who complain. Because
your feet are never, never going to
bother or make you limp any more.

Shortening the Road.
"Well, but 'ow far is it to the
bloomin' camp? Is it three miles?"
"No—not so far as that it ain't—
not if you walk fast."—London
Opinion.

PLANTED A COMMUNITY XMAS TREE

Landscape Gardener Albert Camp of Columbus assisted by a local landscape gardener L. H. Snor, in charge of the court house park, today planted a community Xmas tree under the auspices of the Associated Charities.

Mr. Henry Fleek was appointed chairman of a special committee to secure a tree which could be planted and used in the future at Xmas time without causing the trouble and inconvenience of erecting a tree in the court house park each Xmas and then cutting it down a few days afterwards.

The tree secured by Mr. Fleek is a beautiful and thrifty looking specimen and was planted by Mr. Camp, who is an expert in that line. The expense is being paid by solicitation, Mr. Fleek meeting with much encouragement from all upon whom he has called.

Society

The concluding meeting of the Coterie Club held on Monday afternoon at the home of Mrs. J. W. Shaw in East Main street was designated as "Mother's Day" and an appropriate program celebrated the event.

The Origin of Mother's Day—Mrs. C. L. H. Long.

The Mother and Child—Written by Mrs. Frank Fraser and read by Mrs. Elizabeth Eayre.

Quotations, selected—Mrs. G. L. Diehl.

The guests of the club were Mrs. William Morgan, Mrs. William De Long, Mrs. Joseph Baker, Mrs. Daniel Shaw, Mrs. R. W. Worman, Mrs. E. E. Hess and Mrs. Walter Ashley of Chillicothe.

The following party enjoyed an evening of bowling at the Pastime alleys on Monday evening: Misses Alice McMahon, Frances Bausch, Margaret Kiehl, Muriel McMahon, Mary Kennedy and Irene Cosgrove.

The Y. N. P. club delightfully entertained with a Leap-Year dance on Thursday evening at Moser's Hall. The music was furnished by Abbott's Orchestra and the following were chaperoned by Mr. and Mrs. Harry Brown and Mr. and Mrs. Fred Palmer.

Misses Mary Neimeth, Mary Prior, Louise Reichert, Pearl Haycock, Pauline Deirich, Kenzel Rooser, Clara Bragg, Jessie Barrick, Mary Barrick, Katherine Schopen, Lorie Swartz, Nora Babcock, Gertrude Roll Allee Callahan, Mary Stump, Mary Gilmore, Julia Delmar, Nell Adams, Genevieve Kennedy, Catherine Schaller, Margaret Morris, Loretta Dolan, Lucile Weber, Catherine Kear, Minnie Beck, Marie Lederer, Esther Johnson, Ann McCarty, Myrtle Vogel, Esther McNerny, Margaret Floyd, Romalene Morarity, Mary Davis, Winnie Grady, Ilo Smeek, Amelia Verheyen, Daisy Stuneman, Helen Conley, Clara Reichert, Magdalen Reichert.

Messrs. Charles Neimeth, Clyde Williams, Jack Evans, Lawrence Prior, Oscar Juch Forest Muhlen, Geo. Logan, Arthur Leedy, Ed. Smith, C. Deeds, John Hickey, Chas. Brown, Bernard Toll, Wm. Treffer, Raymond Wade, Ollie Parr, Paul Holmes, Alfred Ankele, Hugh Conn, Paul Lafavee Clarence Sovereigns, Bill Verheven, Ed. McFarland, Chester Bailey, Orville Jones, Leonard Richardson, Raymond Day, J. Schonberg, John Campbell, Frank Cole, John Callahan, B. Carson Lawrence Davis, Chas. Sawyer, Walter Reichert, Ambrose McCarty, Elmer Howard, Amos Burton, D. Carroll, Albert Reichert, Archie Goodwin, Geo. Jackson.

Pauline O'Neill of Columbus, May Dobson, Arthur Dobson and J. Snyder of Zanesville.

The Sewing Circle of German Evangelical church will meet at church, Wednesday afternoon, May 10. All invited.

Kramer—Reaver.

Mr. Donald Kramer, foreign agent for the Twentieth Century Electrical company of St. Louis, and Miss Lillian Hannah Reaver, daughter of Mr. and Mrs. L. M. Reaver of Patahaska, were married last night at Columbus, the Rev. O. G. White of Bethany, W. Va., uncle of the bride, officiating. Mr. and Mrs. Kramer left for New York where on next Saturday they will sail on the steamer New York for England. Mrs. Kramer, a former school teacher in Licking county, has been teaching school in Columbus. She has a wide circle of friends in this community.

Miss Katherine Sedgwick entertained the members of her bridge club on Monday evening at her home in Hudson avenue when announcement was made of her engagement to Mr. Clifford E. Thomson, of Troy, O. The wedding is to take place June 1, at the home of the bride.

The souvenir for the card game was awarded to Mrs. Ralph Hutchinson, and was a box of stationery when the box was opened the card announcing the engagement was found.

Miss Sedgwick is the daughter of Dr. and Mrs. W. H. Sedgwick of Hudson avenue. She was a student at Newark High school and later attended Denison University. Mr. Thomson was also a student at Denison, and is a member of the Beta Theta Pi fraternity.

Mr. Shrewd Shopper's Confessions.

No. 4.

WHEN a "buyer" for an out of town retail store lands in New York on his spring or fall buying trip his troubles begin. It requires all his shrewdness and alertness to avoid the many freakish styles offered him and the many temptations to buy inferior merchandise which he can sell at a larger profit with which he is confronted.

TAKE OUR OWN MERCHANTS HEREIN TOWN, FOR EXAMPLE. WHEN THEY LEAVE ON THEIR BUYING TRIPS THEY TAKE WITH THEM A PRETTY INTIMATE KNOWLEDGE OF THE WANTS AND DISLIKES OF THE PEOPLE OF OUR COMMUNITY.

They know that, while our women demand the very newest of everything, they look unkindly on "freakish," crazy styles. They know also that we want merchandise whose quality we can pin our faith to.

WHEN THE STOCKS FINALLY ARRIVE IN THE STORES AND ARE PLACED ON DISPLAY THEY HAVE EVERY REASON TO BE PROUD OF THEM, AND SO HAVE WE SHOPPERS. THE BEAUTIFUL, SENSIBLE AND PRACTICAL STYLES ARE A DELICATE COMPLIMENT TO OUR GOOD TASTE IN STYLE MATTERS.

The average shopper doesn't appreciate the enormous amount of work entailed in getting together a stock of merchandise that will be just right.

Besides the many laborious weeks in the wholesale markets mentioned above, there are the days and nights spent in unpacking the merchandise when it finally arrives, sorting it and marking prices and then displaying it on counters, shelves and racks in attractive fashion.

AND ALL THESE THINGS, JUST THINK, ARE FOR YOUR BENEFIT, SO THAT YOU MAY GET THE NEWEST IDEAS IN ALL LINES OF MERCHANDISE ALMOST AS SOON AS THEY COME OUT, AND ALSO THAT YOU MAY DO YOUR SHOPPING EASILY AND COMFORTABLY!

MRS. SHREWD SHOPPER.

games and music by the Woodside school band and dainty refreshments were served.

Mrs. James Cooper will entertain the members of the Te Alca club on Wednesday evening at her home in Charles street.

Stevenson's Brownies.

Stevenson maintained that much of his work was only partially original. His collaborators were the brownies who ran riot through his brain during the hours of sleep. He instances the case of "Dr. Jekyll and Mr. Hyde." "I had long been trying to write a story on this subject," he writes, "to find a body, a vehicle for that strong sense of man's double being which must at times come in upon and overwhelm the mind of every thinking creature. For two days I went about racking my brains for a plot of any sort, and on the second night I dreamed the scene at the window and a scene afterward split in two, in which Hyde, pursued for some time, took the powder and underwent the change in the presence of his pursuers. All the rest was made awake and consciously, although I think I can trace in much of it the manner of my brownies."

Lordly Disraeli.

Disraeli once told a woman that two possessions which were indispensable to other people he had always done without. "I made," she said, "every kind of conjecture, but without success, and on my asking him to enlighten me he solemnly answered that they were a watch and an umbrella. 'But how do you manage,' I asked, 'if there happens to be no clock in the room and you want to know the time? 'I ring for a servant,' was the magnificent reply. 'Well,' I continued, 'and what about the umbrella? What do you do, for instance, if you are in the park and are caught in a sudden shower?' 'I take refuge,' he replied, 'with a smile of excessive gallantry, under the umbrella of the first pretty woman I meet.'"

A Warning.

"Watch out how you boiler fer de worl ter look up at you when you gits ter de mountain top," said Brother Williams. "Of all time dat's de one time ter lay low, fer de worl' will find you when it gits good an' ready. An' dis other thing is what you got to consider: De minute you holers old man Trouble locates you an' sets his traps ter trip you an' send you rollin' down ter de bottom, whar you come from!"—Atlanta Constitution.

Flower of the Air.

There is a plant in Chile and a similar one in Japan called the "flower of the air." It is so called because it appears to have no root and is never fixed to the earth. It twines around a dry tree or sterile rock. Each shoot produces two or three flowers like a lily—white, transparent and odoriferous. It is capable of being transported 600 to 700 miles and vegetates as it travels suspended on a twig.

Perfect Machinery.

"Their household seems a perfect piece of machinery."
"Yes; the wife's the governor, the children safety valves and the husband a crank."—Philadelphia Bulletin.

His Views.

"Dear me, I forgot to send her an invitation to our wedding!"
"I imagine it made much difference. We won't miss one pickle fork."—Kansas City Journal.

Astronomy.

Astronomy is one of the most exact of the sciences. The powerful telescopes, the spectroscopes and other most perfect instruments come pretty near telling the truth.

The mission fathers brought the olive and the date from the Mediterranean regions and gave California one of its most important crops.

Personal

Mrs. William A. Ashbrook, wife of Representative Ashbrook left Washington yesterday for Johnstown to spend the summer. She arrived here today, enroute to Johnstown.

Rev. D. A. Greene of the Woodside Presbyterian church left this morning for Cincinnati to attend the commencement exercises there. As Mr. Greene is one of the examiners his duties will keep him there most of the week.

An interesting visitor in Newark yesterday was the venerable Paul Kniesly of Utica. Mr. Kniesly, who has reached the age of nearly 78 years, is one of those old time citizens of Licking county who has been intimately connected with the county's public affairs, and whose whole life has been consistent in lines of strict integrity.

Mrs. George Stasel, Mrs. J. D. Keeler and daughter Mary, and Mrs. Shoemaker are visiting in Pittsburgh.

Mrs. Frank Ludy and sons have returned home after a weeks visit with Mrs. Ludy's mother Mrs. Herring of Utica, Ohio.

Mr. T. T. Smith, former adjutant general on the staff of the department commander of Ohio G. A. R., was in Newark this morning on business in connection with the pilgrimage of Mt. Vernon Commandery No. 1, Knights Templar to Los Angeles in June. Mr. Smith was a caller at the office of Mayor R. C. Biebes.

Mr. and Mrs. George Bader and daughter Agnes of Granville street and Mrs. Harry Wright of West Church street drove to Columbus this morning and spent the day with friends at the Capital City.

C. H. Good and family of East Channel street, expect to leave for New Mexico within a week or ten days.

Burns Haek of Coshocton is a business visitor in the city today.

Mrs. D. Rathbun, who has been visiting in Zanesville, has returned to her home in this city.

Max Vance left yesterday for Cincinnati after spending a few days here.

Mrs. David Bennett and son David Jr., left today for Sistersville, W. Va., to make her future home. Mr. Bennett has a position there with the Standard Oil company.

Mrs. J. E. Eskew of Mason, O., is visiting her sister, Mrs. Charles Moore, 94 Flory avenue.

The Sick.

Miss Dorothy Wagner of North First street was removed in the Bazler ambulance yesterday to her home after receiving treatment at the City Hospital.

Mrs. Frampton of Perryton was removed in the Bazler ambulance from the City Hospital to her home yesterday.

Orrie Warrington of the Meyer & Lindorf store is ill at his home in Hudson avenue.

An Atlanta pastor, who has run a shoestring of \$100 into such real money as \$20,000 by cotton speculations, and who will now build a trade school for poor children, has admittedly manipulated his talent with all the adroitness and effect one could possibly wish.

How Famous Actresses Banish Superfluous Hair

Betty Lorraine, the popular actress who won fame in "The Little Parisienne" and other comedies writes: "Theatrical women are now using a remarkable prescription that acts like magic in curing all trace of unsightly hair growths. It is Mrs. Osgood's Wonder. Unlike the electric needle, it can be used with perfect safety. Unlike evil-smelling depilatories, it doesn't burn the skin. I used it first over a year ago and have not had a trace of superfluous hair since."
Mrs. Osgood's Wonder is a quite inexpensive and is sold by T. J. Evans and other up-to-date drug stores. Money-Back Guarantee in every package.

NEWARK TRUST COMPANY GETS SCHOOL BONDS

Walter C. Metz, bidding verbally for the Newark Trust Co., after the sealed bids had been opened for the \$16,000 bonds for the Cherry Valley school, was awarded the bonds for their par value and a premium of \$150. The bids were opened at 2 o'clock this afternoon in the office of the Newark township trustees, in South Second street.

The highest sealed bid was made by Seasongood & Mayer, Cincinnati, which was for par value of \$16,000, with a premium of \$427 attached. The other bidders were, W. L. Clayton & Co., Toledo, \$16,321.20; Davis-Bertram Co., Cincinnati, \$16,404; Thilston-Walcott & Co., Cleveland, \$16,404.80; Sidney Spitzer Co., Toledo, \$16,141.75; Spitzer-Rohok Co., Toledo, \$16,190.

After the bids were opened the bidders present were given an opportunity to bid verbally on the bonds. A representative of the Ohio National Co., Columbus, opened the bid with \$430. Mr. Metz, bidding for the Newark Trust Co., raised the bid to \$435 and they continued to raise the bid until Mr. Metz bid \$480 when the Columbus man stopped.

Obituary

Samuel H. Miller.

Samuel H. Miller, aged 86 years, who had been an invalid for the past 23 years, died at 7:30 o'clock Monday morning at the home of his daughter, in Zanesville. Death was due to paralysis.

Mr. Miller, who was a native and lifelong resident of this county, was a veteran of the Civil war, having served as a member of Company F, 97th O. V. I. He was a member of the Grand Army of the Republic and his comrades of Hazlett post will assist in the funeral services.

The following children are left to mourn their father's death: William M. of Dresden, Frank L. of Newark; Fred T. of Corpus Christi, Texas; Herbert S. of Westerville; Mrs. F. M. Russell, Mrs. John Fritz and Harry Miller of Zanesville.

Funeral services will be conducted Wednesday morning at 10:30 o'clock. The funeral party will leave Zanesville at 1 o'clock Wednesday afternoon for Dresden, where burial will be made.

John Leonard Dilts.

John Leonard Dilts, one of the most prosperous and highly respected citizens of southern Licking county departed this life April 30, 1916, aged 74 years 10 months and 9 days. His last illness came upon him suddenly, while seated in his buggy to attend church services, and within a half hour his soul was released from its earthly tabernacle and took its flight to be at rest forever. He leaves to mourn, his devoted wife, one son, Elmon, and two daughters, Mrs. Frank Brocous and Mrs. Edman Lawyer. Funeral services were held May 2, at Thornville in the Lutheran church, of which he had been a life-long member.

Mrs. Clara Bell Moore.

Mrs. Clara Bell Moore, 43 years old, died this morning at 2:30 o'clock at the City Hospital following an illness of typhoid fever. The body was taken to the Bradley establishment where it was prepared for burial. Mrs. Moore was the wife of S. M. Moore of 95 Summit street who is confined to his home by illness.

She was born August 7, 1868 at New Concord, O., but has lived in Newark for several years. She is survived by her husband and three children, Bertha, John and Helen, all of whom live at home. She also leaves her parents, Mr. and Mrs. John Boyer of New Concord, three brothers, John and Elmer of New Concord and three sisters, Mrs. Martha Mann of New Concord, Mrs. Lulu May of Newark and Miss Florence Boyer of New Concord.

She attended the Church of Christ, where funeral services will be held at 1:30 o'clock Thursday afternoon, Rev. W. D. Ward officiating. Burial at Cedar Hill cemetery.

Joseph Brown.

Joseph Brown, 86, died at the home of his son, Edward Brown, in Gairnor avenue on Tuesday morning at 9:30 o'clock. He is survived by one son, Edward Brown. His wife died on Easter Sunday, just a few weeks ago. Mr. Brown has been bedfast since the first of January.

He was an old soldier, being a member of Company I, 195th regiment.

The funeral services will be held on Thursday afternoon at 2 o'clock at the home of Edward Brown and interment will be made in Cedar Hill cemetery.

Funeral of Mr. Holt-Schulte.

The funeral of Mr. Frank Holt-Schulte, who died Sunday evening at his home in Leroy street, will be held at St. Francis de Sales church Wednesday morning at 8 o'clock, instead of 9 o'clock, as first announced. Interment will be made in Mt. Calvary cemetery.

Funeral Thursday.

The body of Mrs. G. Wendell Moore will arrive in Newark from New York City on Wednesday morning at 8 o'clock, and will be taken to the home of Mr. John Kates, 253 North Fourth street. The funeral services will be held on Thursday morning.

Ruth Bader.

Ruth Bader, 13, daughter of Mr. and Mrs. Frank Bader, died at the home in Granville street this afternoon at 2:45 o'clock. Death resulted from erysipelas, which developed from a sty which became infected.

Soda crackers are a most nourishing flour food — **Uneeda Biscuit** are the most nourishing of soda crackers. Use them at meals for their food value. Eat them between meals because they are ever crisp and good. At all grocers.

Everyday Etiquette

"How long should a formal call last and should the caller remove her wraps?" asked J. C. L.
"Formal calls last from fifteen to twenty minutes and one should not remove her wraps as a general rule," answered her mother.

APPOINTMENTS OF STATE OFFICIALS.

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 9.—Governor Whit today announced five appointments to fill state offices vacancies caused by resignations or expirations of terms. The appointments are: W. H. Stout, Republican, Birdsboro, as member of the Board of State Charities, Frank M. Marrott, Democrat, Delaware, as member of the State Board of Charities, D. C. Morrow, Republican, Hillsboro, trustee of Ohio Soldiers and Sailors Orphan Home, John J. McKnight, Republican, Columbus, as member of State Board of Accountancy; M. G. Thraves, Democrat, Fremont, as member of Board of Library Commissioners.

INJURES RIGHT FOOT.

Ross Jenkins of 422 Main avenue, proprietor of a barber shop in South Park Place, injured his foot while at the scene of the fire truck accident, at the railroad crossing Monday evening. In stepping off the end of the railroad tie he broke one of the bones in his right foot.

CONTRACT AWARDED.

At a meeting Monday evening of the Licking township trustees at Jacksonstown, the contract for the new \$20,000 school building at Jacksonstown was awarded to the Risk & Sheet contractors of Columbus.

However, Father Was Moved.

She—Was father very angry when you broke the news of our engagement? He—I don't think so. His most poignant emotions, so far as I could discover them, appeared to be sympathy and relief.—Richmond Times Dispatch.

Its Sort.

"That woman's tongue goes as fast as an express train."
"And it's always on the rail"—Barri more American.

Over \$2,000,000,000, or nearly three times as much money is spent on drink in the United States annually as is expended for the next highest luxury, except tobacco.

TOURISTS TO RAID ALASKA; EUROPE'S BEAUTIFUL PLACES OUTDONE IN NORTH

Up Wrangell Narrows, Wrangell, Alaska.

Shut off from Europe, thousands of tourists are planning to go to Alaska this summer. Railroads and steamship lines going in the direction of Alaska are making great preparations for the heaviest traffic since the gold rush of 1898 and the years immediately succeeding. Tourists who have been to Uncle Sam's farthest north possession declare the beauties of Alaska exceed anything to be found in Europe.

OLD MAIL CLERK DEAD.

(ASSOCIATED PRESS TELEGRAM)
Elmira, O., May 9.—G. W. Hummer, 77, of this city, oldest mail clerk on this division of the New York Central road, died at Bellevue late last night shortly after being stricken while on duty. Death was the result of acute rheumatism of the heart.

Amended Petition.

An amended petition has been filed in the office of County Clerk Bert O. Horton in the case of Dora D. McCullough vs. Edith White, in which ten causes of action are named for damages totaling \$66.72, the case having been taken to the common pleas court from the magistrate court of Fletcher S. Scott. The petition recites that plaintiff rented a room in her dwelling house in Church street to defendant and that during the former's absence from August 6 to September 15, 1915, defendant used the furnishings and rooms of the plaintiff, to which she had no right.

GERMS ARE DANGEROUS

Do not overlook the importance of having your home entirely free from disease germs which lurk in many places even in the most modern house, and become dangerous to good health. Every home should have a bottle of hyclorite antiseptic ready for instant use, as there is nothing so effective when applied to burns, scratches, bruises, because hyclorite instantly kills the germs that infect the wound or bruise.

For acid mouths, for cleansing crevices as well as the surfaces of teeth hyclorite is positively germicidal. Rinse the mouth and gargle with few drops of hyclorite and you escape throat troubles and other diseases and the mouth and throat will be clean and sweet. Hyclorite is used extensively by dentists and physicians. It is the one thoroughly reliable septic and should be in every home.

Cincinnati Live Stock.
(Associated Press Telegram)
Cincinnati, May 9.—Hogs: Receipts 3,000; steady. Cattle: Receipts 100; quiet. Steers, 6 to 9; calves, strong. Sheep: Receipts 100; strong. Lambs, strong, 6 to 10.25.

Chicago Grain.
(Associated Press Telegram)
Chicago, May 9.—Pretions of showers in the south, where there have been complaints that the soil was excessively dry and the crops badly in need of rain, put the wheat market today on the down grade.

Opening price, which ranged from the same as yesterday with May at 1.14 3/4 and July at 1.15 5/8; to 1.16 finish to 1-4 higher, were followed by a decided general setback from which there was only a moderate reaction.

Corn swayed with wheat. The market although firm at the start declined rapidly when wheat became weak. After opening 1-8 to 3-8 higher prices dropped to well below yesterday's finish.

Oats had no independent action. Trade was light.

Provisions were neglected. The market, however, seemed to be steadied by higher prices on hogs.

Cleveland Live Stock.
(Associated Press Telegram)
Cleveland, May 9.—Cattle: receipts 100, market steady; calves receipts 300; steady.

Sheep and Lambs—Receipts 1,000, strong.

Hogs: Receipts, 2,700, steady; Yorkers 9.00; heavies and mediums, 10.00; pigs, 8.75; roughs 9.00; stags 7.00.

Chicago Produce.

Alfalfa, prime cash 8.90; Timothy, Prime cash 3.35; Sept. 3.30.

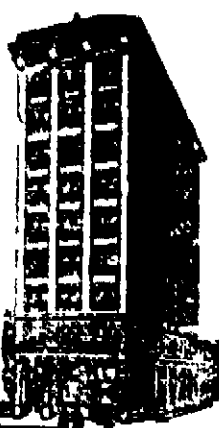

Wall Street.
(Associated Press Telegram)
New York, May 9.—There was a fairly even distribution of gains and losses at the opening of today's trading. Mexicans, Mercantile Marines, Industrial Alcohol and some less prominent issues receding from fractions to over a point, while United Fruit, General Electric and leading rails were distinctly strong. In fact movement in railway issues soon dominated the market, Union Pacific, St. Paul, Reading and Lehigh Valley rising over a point, with a fair demand for other representative shares of the same class. Initial

THE NEWARK TRUST COMPANY

NEWARK, OHIO

CAPITAL AND SURPLUS \$325,000.00

declines were largely wiped out before the end of the first half hour but specialties continued their regularity.

Rails were the only stocks to manifest marked resistance to general pressure. Union Pacific made an extreme rise of 2 1/2 points on persistent reports of a forthcoming "extra" dividend and New York Central's strength proceeded from similar causes. Crucible Steel and Baldwin Locomotive were most susceptible to bear attacks but munitions as a whole yielded easily. Motors advanced to yesterday's gain together with United States Rubber but reactions soon occurred in that group. Mexicans made further recessions on news that the militia of border states had been called out to patrol the frontier. At noon price changes showed greater uncertainty. Bonds were lower.

Luxury In Purse Days.

At no time, of course, was luxury completely absent from America. Men spend when the purse is full, even though the purse be small. Not all the sumptuary laws of seventeenth century Massachusetts could prevent sober Puritans from launching into extravagance, from purchasing apparel—woolen, silk or linnen with lace on it, silver, gold, silk or thread. Even the plous and back into embroidered doulsters with slashed sleeves into "gold or silver girdles, hatt bands, belts, ruffs, heavier hatts," while women of no particular rank appeared in forbidden silk and tiffany hoods. A century later we encounter disapproval of John Hancock's "show of extravagance in living," of his French and English furniture, his dances, dinners, carriages, wine cellars and fine clothes. Washington started with his soldiers at Valley Forge, but lived like an English gentleman in his home at Mount Vernon. Luxury, pomp, ceremonial were not absent in the eighteenth century.—Walter E. Weyl in Harper's Magazine.

Initiative and Resolution.

Every young man should adopt the I. and R. in his life. That means initiative and resolution. That is, originate something; think up something to do in the world. Don't depend upon others to initiate for you. The world owes no man a living. Every one owes the world a life.

Then there is resolution. That's a man's virtue. It is a man's soul put in action. This sounds like sentiment, but it is solid fact. Half of the social and industrial disasters we experience today in politics, education, commerce and industry is because we practice irresolution and dependence. We will never settle our social and industrial troubles that way. We must think of something else to do, something we can resort to in case of misfortune and disaster. A man should save his earnings and invest them in land, in mine, in shop, in store—something on the outside to take up in times of emergency.—Ohio State Journal.

Dolls as Scapegoats.

The earliest dolls found were the "Answers" of the ancient Egyptians, which were buried with important personages in order that they might fulfill such duties as the rulers of the nether world might impose on the dead dignitary in his next incarnation. The more important the dead the larger the number of dolls buried with him. Even to this day the doll plays its part in the folklore of the banks of the Nile. When the river does not appear to rise properly a doll is thrown into its waters, representing the living virgin or boy who used of old to be thrown in to propitiate the Nile god, and a similar performance takes place on the banks of the Tiber, where a doll made of plaited rushes is used as a substitute for the human victim.—Westminster Gazette.

George Washington's Sobriquets.

Washington was called by many sobriquets. He was first of all "Father of His Country," "Providence left him childless that his country might call him father." Signora calls him "Father Patrick." Chief Justice Marshall, the "American Fabius." Lord Byron in his "Ode to Napoleon" calls him "the Cincinnatus of the West." For having a new world on his shoulders he was called the "Atlas of America." The English soldiery called him by the sarcastic nickname of "Lovely George." Red Jacket, the Seneca Indian chief, called him the "Flower of the Forest." The Italian poet Vittorio Alfieri called him "Deliverer of America." His bitter opponents sarcastically called him the "Stepfather of His Country" during his presidency.

The Russian wheat yield is only 10 bushels to the acre.

DRILLING TO SERVE THEIR COUNTRY

Capt. Dorothy Dennis (left) and Private Phyllis Cleveland at National Service School.

These pretty society girls already know how to serve tea and prepare a chafing dish lunch. But they want to learn how to serve their country if it should ever be in need. So they are taking a course at the National Service School for Women at Chevy Chase, near Washington, D. C. They are shown in their khaki uniforms in camp. Miss Dennis hails from Washington, D. C.; Miss Cleveland is a Baltimore girl.

ALL FASCINATED BY WOMEN'S HAIR

With a Little Attention Hair Beauty Can be Quickly Doubled.

Nearly every woman who has an ordinary head of hair can by giving it just a little attention have luxuriant, soft, fluffy and radiantly beautiful hair.

It's a good thing to know this because hair preparations that put life and lustre into dull looking hair are scarce, but it is a fact known to nearly every druggist that Parisian Sage, a delightfully clean and refreshing tonic not only will make your hair look 100 per cent better, but will quickly stop it from falling, rid it of dandruff and scalp itch.

Parisian Sage is well worth a trial and W. A. Erman who dispenses of a great quantity of it will tell you so, and refund your money if it isn't all you expect.

TOBACCO HABIT EASILY CURED

"Princess Nicotine"—the fanciful name for the spirit of tobacco—has in her train, hosts of devotees and worshippers, many of whom pay such constant homage to her, that their physical welfare is either threatened or already is hanging in the balance. It is for these chiefly that M. Mac Levy, an accredited expert on physical fitness, has put together his rather unusual book entitled "Tobacco Habit Easily Conquered," just published by the Albino Society, Inc., 181 Lexington Avenue, New York City.

The book is neither a diatribe against the popular leaf, nor a medical treatise. It is a straight-forward, incontrovertible facts couched in simple, homely language, so engagingly arrayed as to make really interesting and instructive reading. Prof. Mac Levy's system is obviously practical, and can easily be followed by anyone who is determined to conquer the habit. The benefits that are to be derived from an applied knowledge of proper diet, pleasant exercise of mind and body as against the using of drugs and the undergoing of time-consuming treatments to overcome a habit that has become harmful?

In these crowded days of strenuous, physical and mental efficiency are more than ever essential to success. To those who find themselves weakened and nerve-racked from excessive use of tobacco and who cannot through exercising their will power, or by other means, conquer the habit, this unique and sensible book should prove a treasure.

25 Years Ago

(From Advocate, May 9, 1891.) Mrs. Will Kuster has been spending the past few days in Coshocton. For the first time in its history the new jail is tenanted.

Conductors William Lamb and Frank Woodward left this noon for St. Louis to attend the O. R. C. National convention.

15 YEARS AGO TODAY.

(From Advocate, May 9, 1901.) The schools were closed today in order that the children may attend the circus.

Mr. John K. Wise is confined to his home on Granville street with a badly sprained ankle.

Messrs. Harry Rossel and C. A. Kramer are at Avondale today.

The World War a Year Ago Today—May 9.

An official Austrian report maintained that the Austro-German offensive movement in Galicia had forced the complete withdrawal of Russian forces from Hungary. The threatened invasion of the rich plains of Hungary and the menace to Vienna itself had been averted.

French attacks resulted in considerable progress north of Arras and along a front of four miles south of Carceny.

British first army attacked the German lines between Bois Grenier and Festubert and gained trenches southeast of Fromelles.

FRANKLIN NEWS.

Franklin Grange will meet Thursday evening, May 11. A good time may be expected. The program will consist of a dialogue by Mr. Frank Hunter and Mrs. F. C. Orr; also a farce, "Hands on Smash," by the Hog Run bunch.

How to Heal Skin-Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resalol ointment and a cake of resalol soap. These are first at all expensive. With the resalol soap and warm water bath the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resalol ointment, and cover with a light bandage if necessary to protect the clothing. This should be done twice a day. Usually the itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Almost any soap will clean the skin and hair. But those who want a soap which not only cleanses but actually helps the complexion and hair are wise to choose resalol soap.

MISS FULTON

Appears Before an Appreciative Audience in Oil City, Pa.

The music lovers of Newark will be pleased to learn of Miss Zoe Fulton's success as a singer. The Oil City, Pa. Billboard says the following about Miss Fulton who appeared there under the auspices of the Schubert club:

"Digitized throughout was the joint concert program presented at the opera house Tuesday night by Miss Zoe Fulton, contralto, and Miss Marie Hertenstein, pianist. It was the third event of the Schubert club course and was deeply enjoyed by the large and discriminating audience."

"Miss Fulton, a Pittsburgh contralto, is a tall and stately girl of most pleasing appearance and demeanor. Her voice is rich and full and capable of wide range. She sings with a depth of feeling that lent itself to the serious theme used in the Oil City Program. Notable among her pieces was Dvorak's 'Songs My Mother Taught Me,' sung with splendid feeling and appreciation; and 'He Was Dejected' from Handel's 'Messiah.' The latter, the last number of the program, would hardly have been placed in that position had Miss Fulton not been willing to grant an encore, so compelling was its harmony and so splendid Miss Fulton's enunciation."

GRATUIT IS SURELY AUTO THOROUGHFARE SUNDAY'S STATISTICS.

Sunday afternoon between the hours of 2:30 and 4:30, there passed through Gratuit: 110 Fords, 54 Buicks, 33 Overlands, 14 Studebakers, 13 Maxwells, 12 Dodges, 10 Reos, 9 Hupmobiles, 8 Packards, 6 Hudsons, 5 Interstates, 5 Mitchells, 4 Cadillacs, 4 Paiges, 3 Saxons, 3 Jeffries, 2 Dixies, 2 Grants, 2 Chevrolets, 2 Oaklands, 2 Pierce-Arrows, 2 Coles, 2 Ramblers, 2 Empires, 2 Peerless, 1 National, 1 Chandler, 1 King, 1 Allen, 1 Hollier, and 33 automobiles whose names were not known. If Scalp Itches and Hair Falls--Try This

Here's a simple hair tonic that you can easily prepare at home—get from your druggist an ounce of beta quinal mix it with half pint of alcohol and half pint of water, pour a little of the head and rub well into the roots of the hair. One or two applications will stop all itching and after three or four applications all dandruff will be gone and the hair will stop falling. This simple hair tonic will kill the dandruff germ, the cause of all hair troubles. It will give new life to starved, dull, lifeless hair and force it to grow. If you have any hair trouble you should mix some of this up and try it.

OLD CORNS GONE

Never mind how old or severe is the corn now giving you trouble, there is one sure way to get rid of it if you will get from any drug store a 25c box of Dr. Hunt's new corn cure for it gives instant relief, penetrates, and removes the corn quickly and soothes and heals. It is positively safe—very effective and easy to use. Thousands of corn sufferers who used Dr. Hunt's corn cure last season are free from all pain and annoyance. American Chemical Co., Sidney, Ohio.

ENDEAVORERS ARE MAKING COUNTY TOUR

The Licking county officers of Christian Endeavor, are making a special tour of the county, their intention being to visit every society thirty in number, before the State C. E. convention at Springfield, June 28-30.

The following societies have been visited to date: Woodside Presbyterian, Maple Avenue Christian Union, Pine Street Christian Union and Jersey. At these places enthusiastic meetings were held.

The objects of this tour is to stir up enthusiasm in each society to do more efficient work, to see that each society is represented at the state convention; also the county convention at Utica in August, and also see how each society stands or securing the state convention for Newark in June, 1918.

Mr. A. R. Evans, who is county field superintendent for conventions is assisting in the work, and his addresses are very inspiring.

The following societies will be visited: Central Church of Christ, May 9th; Utica, May 11th, and St. Louisville, May 22, with other societies in between these dates, if possible.

These societies are urged to make special efforts to have large crowds out. Let this be your aim. Come with enthusiasm, put something into the meeting, that you may get something out that will help your society do better work for Christian Endeavor in Licking county.

G. E. DEVEREAUX, Publicity Superintendent.

GRANDMOTHER'S MEDICINES.

Our grandmothers were wise in the virtues of the herbs of the field. They used to gather and store roots and herbs and use them to cure the ailments of their families—wormwood, thoroughwort, sage, rue, camomile—the list might go on and on of the healing plants with which they made up a familiar and effective remedy.

Now their granddaughters get the extracts from just such good old roots and herbs, from the nearest druggist, ready prepared for use. One such medicine, which women find best for their own ailments, is the well-known Lydia E. Pinkham's Vegetable Compound.

"What do you think of this war? Isn't it terrible?" exclaimed the explosive person. "Yes, indeed," replied the mild citizen. "War is—or well, that is, it's just what they say it is."

ION-O-LEX

Stops Inflammation

In Tonsillitis, Pneumonia, Bronchitis, Sore Throat, Croup and other similar throat and lung diseases, if you can stop the inflammation you cure the disease.

Ion-o-lex stops inflammation.

That is all it does—just stops inflammation.

But think what that means.

Nine-tenths of all diseases are of an inflammatory nature—Burns, Scalds, Bruises and other everyday ills are inflammation.

Ion-o-lex stops the inflammation.

And Ion-o-lex is not a drug—it has no narcotics or opiates in it—it is absolutely harmless—and it does not interfere with any other treatment.

Two forms—Ion-o-lex Liquid for internal use and Ion-o-lex Unguent for external use.

Watch Child For Worms.

Worms sap child's strength, rob child of food and make child fretful, irritated, nervous. Watch stool and at first sign or suspicion of worms give one-half to one teaspoon of Kickapoo Worm Killer, a candy worm remover. Gives immediate results. Its laxative, paralyzes and removes the worms, improves digestion and general health of child. Continue giving Kickapoo Worm Killer until all signs of worms are gone. 25c at your Druggist.

ASHBROOK VOTES TO SUSTAIN THE NATIONAL GUARD

Washington, May 9.—The Ohio delegation yesterday voted against what it regarded as militarism and overwhelming sustained the state militia as opposed to the volunteer army. On the vote to increase the standing army to 250,000 men, as proposed in the senate's preparedness bill, while has passed the upper branch of Congress, the Ohio delegation divided as follows:

For the increase—Emerson, Kearns and Russell; total, 3. Against the increase—Ashbrook, Cooper, Crosser, Fess, Gard, Gordon, Hollingsworth, Key, McCulloch, Matthews, Overmeyer, Rickert, Sherwood; total, 6.

Not voting—Allen, Brumbaugh, Longworth, Mooney, Switzer and Williams; total, 6.

On the vote to decide whether or not the house would accept the volunteer army bill, which the state militia leaders of Ohio have been very aggressive in opposing, the delegation split as follows:

For the volunteer army—Emerson.

Against the volunteer army—Ashbrook, Brumbaugh, Cooper, Crosser, Fess, Gard, Gordon, Hollingsworth, Kearns, Key, McCulloch, Matthews, Overmeyer, Russell and Sherwood; total, 15.

Not voting—Allen, Longworth, Mooney, Rickert, Switzer and Williams; total, 6.

Representative Gordon of Ohio, member of the military committee, made a speech securing regular army officers, who, he said, are behind the volunteer scheme. He said:

"Our army officers, some of whom spend more time in their plotting and planning to promote their own private interests than they do in performing their public duties, for which they are educated at public expense and draw pay out of the federal treasury, are determined to

If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET AND REDUCE YOUR WEIGHT WITH OIL OF KOREIN.

Lack of fresh air, it is said, weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Put on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from W. A. Erman, Evans Drug Store or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

force by this indirect means an increase in our standing military force, which they know Congress would not dare to vote directly."

BOWERS RE-ELECTED.

Zanesville, May 9.—The school board re-elected W. C. Bowers superintendent of public schools for another year last night at a salary of \$2,500.

\$50 FOR A SEAT G. O. P. CONVENTION; PRICE MAY RISE

(ASSOCIATED PRESS TELEGRAM) Chicago, May 9.—Managers of the Republican National Convention to be held here the week of June 7, have a serious situation confronting them in regard to the sale of tickets. The seats have been placed on sale at \$50 each and the demand has far exceeded the available supply and it has been suggested that it will be necessary to raise the price to \$100 or possibly higher in order to stop the rush for reservations. The situation will be considered today by Frederick W. Upham, chairman of the Chicago committee for the convention. The committee has been allotted 200 tickets which at \$50 a ticket would be more than enough to meet the \$100,000 guarantee made to secure the convention for Chicago.

Seats for the Progressive party convention have been placed on sale at prices ranging from \$10 to \$25.

BEGIN INVESTIGATING RIOT AT BRADDOCK.

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, May 9.—An investigation into the riot in Braddock last Tuesday which resulted in three persons being killed and a score injured, was begun today when the Allegheny county grand jury convened. District Attorney R. H. Jackson said that in order that the trials of those responsible for the trouble can begin just as soon as possible, the investigation would be expedited and a presentment would probably be returned before adjournment today. Nearly a dozen alleged strike leaders are now in jail, having been arrested on warrants issued by Coroner S. C. Jamison charging them with murder as a result of the riot, but they will be held pending the outcome of the coroner's inquest which will probably be held the last of this week.

There's Nothing as Good for Corns as G-E-T-S-I-T

Remove All and Any Irritations. Don't let anyone tell you there's anything else as good for corns as "G-E-T-S-I-T." Some may try to show an imitation on to you, with names that sounds like "G-E-T-S-I-T" and mean to deceive you. Reliable druggists won't do it.

"Why, O Why, Did I Do It? 'G-E-T-S-I-T' for Me After This—If I Live!"

"Glad to meet you!" says the razor to the corn. "I'll bleed for you!" says the corn to the razor. Razors and corns love each other. Corns love to be cut, picked, gouged, saved, plastered and jerked out—they grow faster. Mr. and Mrs. Went-and-Cut-it realize it now—they use "G-E-T-S-I-T" instead—it's the wonderful, simple corn-cure that never fails. Stop pain. You apply it in 3 seconds, it dries at once, the corn is doomed. Nothing to stick to the stocking or press on the corn. It means good night to plasters, salves, diggers, razors and toe-bundling. You can wear smaller shoes. Your corns will come right off, "clean as a whistle." Never inflames healthy flesh. It's the world's biggest selling corn cure. If you don't get "G-E-T-S-I-T" when you ask for it, it's your own fault and your own loss.

"G-E-T-S-I-T" is sold by druggists everywhere, 25c a bottle, or sent direct by Dr. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended at the world's best corn remedy by T. Evans, W. A. Erman and C. T. Bricker.

Milady's Boudoir

To Have White Arms.

Many girls of dark complexion are blessed or cursed with nut brown arms and those girls, above others, seem to wish for the lily white ones of their blonde sisters. The brown arm has a distinct place in the annals of beauty and charm as the snow white type, but the cry for snowy arms still goes on.

In the first place one should not use liquid powder. Once in a great while, when there is some special reason, there may be a little used however. Too much of it is ruinous to the skin and it is especially dangerous when applied to the face. If only women would count the cost of what is generally only temporary beauty, I feel sure they would hesitate before making use of many dangerous cosmetics.

If your arm is naturally brown I would not advise trying to bleach it. Arm bleaches are dangerous in the end as they burn and cut the tender skin, and in time the cuticle is destroyed forever. When your arms acquire a little too much sunburn revert to the time honored powder box. Pile it on as thickly as you can and rub it in thoroughly. Then brush off the superfluous powder and the arms will look very beautiful. Be careful, however, to get off all the superfluous powder, for otherwise the arms will look artificial.

As to freckles on the arms I think an occasional freckle is like a small mole on the neck. It enhances the whiteness. At all events it is likelier to be an attraction rather than a detraction.

If very anxious to rid your body of freckles, however, here is a good way: Wrap some absorbent cotton around the end of an orange-wood stick. Dip this in peroxide, and with the moistened end touch the freckles several times a day. Do no more than touch them for too frequent an application of the peroxide will, in time, prove harmful to the skin.

Our Boys and Girls

Here is a good diet for a teething baby:

Breakfast: Juice of Florida orange strained, soft boiled egg with graham or whole wheat bread crumbled into it substituted sometimes by cereal, or zwieback which is excellent, a slice of bread and butter, a glass of milk or water and sugar.

Dinner: Three times a week make broths of either beef, lamb or chicken, cooking it slowly all day previous to serving it, allowing it to stand overnight, taking off all the fat, and serving it with stale bread broken up in it. If there is no broth give a baked potato creamed with butter, milk, and a little salt and pepper, a custard or baked apple, a glass of milk and a slice of bread and butter.

Supper: Bread and milk or broth, a slice of bread and butter, and just before putting the baby to bed, a glass of milk.

To properly pasteurize milk put a gallon of water over the fire in a clean pan or kettle. When the water is boiling hard take the kettle from the fire and allow it to stand on the table for ten minutes uncovered. Then put in the filled and corked nursing bottles and leave them for half an hour, covering the kettle meanwhile with a blanket. At the end of half an hour remove the bottles and cool them as quickly as possible to fifty degrees and put them where they will keep cool when needed.

When it is time to feed the baby take out a bottle and set it in a pail of warm water over the fire to heat. After the baby has finished, the bottle should be emptied, rinsed and filled with cold water. At some convenient hour of the day the mother will wash all the used bottles with soap and warm water, using a bottle brush to clean the inside of them. She should then rinse them and boil them in the same pan or kettle in which they were pasteurized.

A Responsibility.

"I suppose you intend to vote for the man who can meet the responsibilities of his office?"

"Yes. But he's got to realize that one of those responsibilities is getting my wife's first cousin appointed to something."—Washington Star.

Tonoline Is Beauty Aid, Announces Specialist

Mildred Louise Talk of Interest to Women.

A health is a first aid to beauty this story, told by Mildred Louise, beauty specialist, of Boston, Mass., is of unusual interest.

"I can recommend no better health giver than Tonoline," said Mildred Louise.

"I was for many months a victim of stomach trouble and nervousness. I had suffered terribly from pains that followed eating. Headaches also would add to my worries. Poor digestion finally brought on nervousness.

"But came, however, when I took the advice of several women who said, 'Take Tonoline.'

"Not long after I started the tonoline treatment my patrons began to remind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face.

"What Tonoline really did for me I cannot say. I am so grateful that I am very willing to recommend Tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common maladies—stomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood—and quickly restores proper action. Tonoline is being explained daily to many people at Frank D. Hall's.

Notice—As Tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase weight ten pounds or more. Although many reports are received from those who have been benefited by Tonoline in severe cases of stomach trouble and nervous dyspepsia, chronic constipation, etc.

MORE RHEUMATISM THAN EVER BEFORE

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken.

Our old friend Rheumatism is having his funning this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather; keep your feet dry; drink plenty of lemonade, and avoid strong alcoholic drinks.

If rheumatism gets you, or seizes, and you have sharp twinges, gnawing pain or swollen joints or any, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists know about Rheuma; it's harmless yet powerful; cheap, yet sure, and a 50-cent bottle will last a long time. Ask T. J. Evans or any druggist.

Theatres

Alhambra Wednesday

Alice Brady, who plays the principal role in "Then I'll Come Back to You," handles the star role with a sympathetic understanding that appeals by the very simplicity of the portrayal. Miss Brady last seen in "The Ballet Girl" and "The Woman in 47." is the daughter of William A. Brady, the noted manager. She created a wide vogue for herself in the legitimate drama before becoming a permanent film player.

"Then I'll Come Back to You" will be at the Alhambra on Wednesday and Thursday.

At the Gem

Gloria Fonda, the winner of the universal beauty contest from the state of Washington is featured in "Drugged Waters," a Red Feather drama in five parts which will be shown at the Gem theatre next Thursday afternoon and evening. All who see this feature will hope that it will not be her last; for "Drugged Waters" is very good indeed.

"Receipt In Full"

A crowded house greeted the second presentation of "Receipt In Full" at the High School Auditorium on Monday night by the Knights of Pythias. Several weeks ago the play was given and the ability of the cast and the clever presentation of the play caused many to ask for its repetition, so it was given again last evening.

The trend of the play is a familiar one, depicting the country family, and the city folks, and how the clashing of their principles and manerisms bring sorrow. The play had some pathos, but the comedy lines were unusually good and Shan Loughman, in the role of Bud Fisher, delivered them with the art of a professional, and presenting their real worth so effectively that the audience was kept laughing throughout the play.

G. C. Davis was clever in the character of the uncle, Miram Marcoe, who was generous hearted but a bit narrow minded. He met the demands of the role in every way. Miss Florence Meyers made a charming and appealing Amy Douglas, the heroine of the story. Miss Anna Schmitt did nice work as Marion Grey, the woman who leaves her country home. As Richard Marcoe, the young country lad, and hero, Joseph Shea, was well assigned. He has a pleasant speaking voice and depicted the character well.

Carl Meyers as Albert Gaskel and W. C. Lore as Col. Robert Douglass, were clever in their parts.

The play was smoothly and well presented and was enthusiastically received. The Pythian Orchestra furnished the music for the intermissions.

Mazda Theatre.

Appropriate to Mothers Day the Mazda on Wednesday will present a fine Wm. A. Brady picture play, called "Mother," featuring Emma Dunn. The play portrays the troubles of a mother who has eight children, two sons marrying chorus girls, who lead them an awful chase, and one son forces his mother's name to a note; a daughter has a love affair which mother is compelled to straighten out. The woman sums up her idea of motherhood and mother love in her all-embracing love which does not permit any harm to come to her children.

One of the very few rich men in the United States Senate is the new Democratic Senator from California, James D. Phelan, who has accumulated a fortune from real estate in San Francisco.

Abe Martin

Miss Tawney Apple's uncle who in the old days was a competent and highly respected saddler died liquid fire yesterday. Ability is a mighty fine thing, but it seems to take nerve and clothes to get anywhere.

Splendid Laxative For Elderly People

Has Been Prescribed by Well Known
Physician for Many Years.

The infirmities of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachel Allen, Galesburg, Kan., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin, wrote that it had done her a world of good and that she intends to keep it in the house always.

MRS. RACHEL ALLEN.

Druggists sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. It is a splendid remedy and should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

NO ARRANGEMENTS FOR FUNERAL OF PARISH CO. HEAD

No announcement of arrangements for the funeral of C. R. Parish, head of the C. R. Parish Company, a branch of which is located here, had been received at the local store this morning. Mr. Parish died suddenly of heart trouble at Leonia, N. J., as he was preparing to leave that village for Saratoga Springs, N. Y., to attend the Methodist Episcopal church conference. According to press dispatches, Mr. Parish was wheeling his trunk to the railroad station, no express or transfer service being available in the small town. The exertion overtaxed his heart, resulting in his death. The body was expected to arrive in Columbus today. The death of Mr. Parish makes the first break in a family of seven children, all of whom were born in Canada. Besides his widow, who was Sarah Williams of this city, and a son by a former marriage, Mack Parish of New York, there survive two brothers, T. J. and J. Gordon Parish, and four sisters. Mrs. Ida Storm, this city; Mrs. D. W. Spencer of Napanee, Ontario; Mrs. J. Ward Gamble of Delanco, N. Y., and Mrs. Charles A. Fletcher of Medina, N. Y. C. L. Gamble, general manager of the Parish stores and former manager of the Newark store, is a nephew.

Mr. Parish started in the book publishing business and soon started up for himself, first in Toronto and then in Philadelphia. In 1890 his brother T. J. Parish, started in the furniture business here and in 1894 C. R. Parish came to Columbus. He had extensive real estate holdings. He was an indefatigable worker, refusing to surrender the details of any undertaking to others. He gave largely to charity. One of his enterprises was to send a young Japanese through college.

MOOSE CARNIVAL.

Just a few days now to wait and Newark's big week of joy will be a reality. The local Moose has set apart the week starting Monday, May 15, for their Annual Summer Festival and Carnival of Fun. Hampton's Great Empire shows have been contracted to furnish all of the attractions and to give the magnitude of this organization is to say that it numbers nearly three hundred people, travels in its own special train of twenty cars and presents some twenty attractive shows of merit, and the Empire Band of twenty solo musicians. The local Moose are putting forth every effort to make this the biggest week in local amusement circles. Be on hand Monday night, join in the fun, then you tell your friends and you will come back again you will have such a good time.

The Cup That Cheers Most

is the cup that is the most wholesome—for unpleasant after-effects can mar the keenest pleasure.

With the usual hot table drink, whether it be coffee or tea, there results to many persons an inconvenience in health which calls for a change.

Instant Postum

is rapidly filling this table want, and in a way satisfactory to taste, comfort and enjoyment.

The rich, mellow flavour of Instant Postum closely resembles that of mild Java coffee, and its absolute purity makes it a prime favorite of both parents and children.

Instant Postum is quickly prepared at table, a cup at a time. Simply place a level teaspoonful of the soluble powder in the cup, pour on hot water, then stir up and add cream and sugar to taste. No waste.

"There's a Reason" for POSTUM

At Grocers everywhere.

WHEAT CROP

WILL BE BELOW AVERAGE ACCORDING TO FORECAST OF GOVERNMENT.

Prospects are that Other Grains Also Will be Below the Forecast Made in December.

Washington, May 9.—The winter wheat crop this year promises to yield 499,280,000 bushels, the Department of Agriculture announced today, basing its forecast on the condition of the crop May 1. The output will probably be above or below those figures according to the change in conditions from now until time of harvest. Today's forecast compares with 555,045,000 bushels harvested last year, the greatest winter wheat crop ever gathered in this country, and with a forecast of 540,000,000 bushels made last December before the crop entered the winter from which it emerged in rather poor condition, showing a decline of 9.4 points compared with the 10-year average decline of 3.5 points. On the crop's condition April 1, a forecast of 495,000,000 bushels was made by the Bureau of Crop Estimates, assuming average abandonment of acreage and average influences on the crop to harvest time.

The area of winter wheat to be harvested is estimated at about 33,000,000 acres as a result of the May 1 canvass. The area planted last fall was 37,256,000 acres, a decrease of 4,756,000 acres from the record area of the 1915 crop and compares with a yearly average of 32,088,000 acres in the preceding five years.

The condition of winter wheat on May 1, was 82.4 per cent of a normal, compared with 78.3 on April 1 last, 92.9 on May 1 last year and 87.5 the 10-year May average.

That condition is indicative of a yield of 15.1 bushels an acre, compared with 16.2 bushels harvested last year, and 19.0 bushels in 1914. The large reduction in acreage sown last fall was attributed partly to unfavorable weather for seeding, tangled condition of much corn land which otherwise would have been sown to wheat, some fear of the Hessian fly and to large supplies of wheat on hand.

A wet, cold fall, causing poor seed beds and poor start for wintering resulted in a low condition this Spring. Much of the crop was sown late and the Hessian fly was reported present and active in many sections of the southern part of the winter wheat belt. Climatic conditions were harder on late sown, the winter covering was lighter than usual, and the injury from freezing and thawing greater than in previous years.

Other details of the May report show:

Rye.—Condition 83.7 per cent of a normal, compared with 87.8 on April 1 last, 93.3 on May 1 last year, and 90.6 the 10-year May 1 average.

Meadow (Hay) lands.—Condition 88.4 per cent of a normal, compared with 89.8 on May 1 last year and 88.3 the 10-year May 1 average.

Hay.—Stocks of hay on farms May 1 are estimated at 11,049,000 tons, or 13 per cent on last year's crop against 8,468,000 tons, or 12.1 per cent on May 1 last year, and 8,109,000 tons, or 12.1 per cent the 5-year May 1 average.

Pastures.—Condition 85.2 per cent of a normal, against 87.2 on May 1 last year, and 85.9 the 10-year May 1 average.

Spring plowing.—Was 70.4 per cent completed up to May 1, compared with 78.3 on May 1 last year, and 68.6, the 10-year May 1 average.

Spring planting.—Was 56.7 per cent completed up to May 1 compared with 65.3 on May 1 last year, and 55.3, the 10-year May 1 average.

HOMEOPATHIC DOCTORS MEET

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 9.—Physicians from all parts of the state were meeting here this afternoon for the opening session of the 52d annual convention of the Homeopathic Medical Society of the State of Ohio.

The first meeting is that of the bureau of clinical medicine. Doctors W. E. Allen of Chardon, Lincoln Phillips, B. W. Dawley and W. A. Gehegan of Cincinnati, G. H. Irvin of Orrville and H. E. Beebe of Sidney, C. A. Diekson of Akron, G. W. Gurnee, L. E. Simeon of Cleveland, were on the program of the first session for addresses.

Late this afternoon there will be a meeting of the bureau of special branches at which addresses are to be made by Doctors C. E. Silbernagle, of Columbus; W. H. Phillips of Cleveland; W. H. Williams of Middletown and I. O. Denman of Toledo.

Dr. Scott Parsons of St. Louis, Mo., will address the whole body this evening on the subject, "Federation." The sessions will be continued tomorrow.

COMMUNITY INTEREST.

There will be a community interest meeting held at the Rocky Fork school house Thursday evening, May 11, at 7 o'clock, to which all men of that section are very cordially invited.

This meeting will have a two-fold purpose—first to form an organization of better roads, second—for the consideration of a better market for dairy products, and the establishment of a creamery station. Both of these propositions are of vital importance and should be of especial interest to all farmers in that section. This meeting promises to be an important one. Come and bring your housewives. Give us your ideas and influence and let us work together for the promotion of better interests and conditions.

WAR ON HORSE THIEVES.

Akron, May 9.—Sheriff James Korry today declared war against horse thieves operating here, after the thefts of two rigs were reported to the police. The sheriff believes the thieves are hiding the stolen horses outside the city.

TO PRESERVE THE HAIR

When your child is grown, the condition of the amount of his or her hair will depend largely upon the way it is cared for now.

The human hair is composed of about 175,000 delicate oil plants.

Ordinary soaps and shampoos will soon destroy the natural oil and the fatty roots of these plants making the hair dry and brittle or destroying it entirely. EVERY WEEK SHAMPOO is an Anti-septic Oil Shampoo that cleanses and purifies the scalp thoroughly and leaves the hair just as nature intended, soft, fluffy, silky, and the scalp slightly moist with oil, but no surplus oil in the hair.

If men would use EVERY WEEK ANTI-SEPTIC OIL SHAMPOO instead of the strong alkali shampoos which are so commonly used, they would preserve their hair rather than invite baldness. EVERY WEEK SHAMPOO dissolves and removes the dandruff (dry or oily), opens the hair cells, feeds and strengthens the hair roots and leaves the hair clean, soft, fluffy silky and the scalp healthy. A weekly application for men and children and every other week for women keeps the scalp clean, healthy and the hair in excellent condition.

EVERY WEEK ANTI-SEPTIC OIL SHAMPOO contains both mineral and coconut oils which cleanse the scalp and hair thoroughly, open the hair cells and give the hair plant the oil which it requires. It lathers freely, removes any surplus oil, but does not remove the natural oil which healthy hair requires.

Large bottle (64 teaspoonfuls) 50c at R. W. Smith's and Leading Stores Every Where.

THE RAILROADS

Laborers Enroute. A car load of laborers enroute from Cincinnati to Wheeling, W. Va., passed through Newark this morning via the Baltimore & Ohio lines. Each day several car loads of laborers pass through Newark enroute to the mill region of Virginia and Pennsylvania.

J. F. Keegan Here Today. General Superintendent J. F. Keegan of the B. & O., passed through Newark at noon today enroute from Cincinnati to Wheeling, W. Va.

Fast Freight Schedule. Morning via the Baltimore & Ohio made of the completion of what is believed to be one of the fastest freight schedules in the country. This schedule shortens the running time between Chicago and Jacksonville, Fla., 14 hours and touches at all the big markets between the western metropolis and the south-east.

Accident Investigation.

Local officials of the B. & O. railroad company today were investigating the accident at the East Main street railroad crossing last night, when a cut of cars struck the East End fire truck. The truck, which was badly demolished was sent to Columbus last night for repairs. Firemen Meyers and Griffith, who were on the truck, were only slightly injured.

B. & O. Excursions.

Local B. & O. Ticket Agent W. C. Wilson, today was busily engaged in making preparations for handling the first excursion of the season, which will begin early next month. Newarkites will, according to the schedule, have numerous opportunities to travel this summer.

Operators Threaten Strike.

Telegraphers, signal men and signal repair men are threatening to strike all along the New York Central from New York to Chicago. H. B. Perham, head of the Order of Railroad Telegraphers, says that these three classes are all united now in a single union, and recognition of this union is one of the chief demands being made on the company; but an increase of pay is also asked for. The company has employed considerable numbers of "strike-breakers" who have been assembled at principal points.

Embargo on Grain Lifted.

On April 20 the Baltimore & Ohio lifted its embargo on grain for Baltimore from points west of Pittsburgh and Wheeling. This action indicates the relief of a severe condition of congestion which has lasted four months. The Southern Pacific has removed the embargoes on east-bound freight through Galveston and New Orleans, destined for New York, by boat. This, however, does not apply to export freight on through bills of lading.

One electrical company at Schenectady, N. Y., has 18,000 employees on the roll at the present time—more than ever before in the history of the company—and it is likely more hands will be needed.

DISLOYAL

SENTIMENTS EXPRESSED BY TOLEDO UNIVERSITY PROFESSOR IN CHARGE.

Continued in Resolutions Adopted by Chapter of Sons of the American Revolution of that City.

(ASSOCIATED PRESS TELEGRAM)

Toledo May 9.—Resolutions in which they assert that sentiments expressed in public speeches by Prof. Scott Nearing, of Toledo University are "disloyal and unpatriotic" were adopted yesterday and made public today by Anthony Wayne Chapter, Sons of the American Revolution. General J. Kent Hamilton, former department commander of the Grand army in Ohio, was chairman of the committee which drafted the resolution. It is alleged that Nearing said that the phrase "freedom and justice for all" as recited by school children in a pledge of allegiance, "is humbug and putting misstatements into their mouths." It is asserted also that Dr. Nearing said: "The flag belongs to the capitalists and why should you fight for the capitalists?"

W. H. Tucker, of the Sons of the American Revolution committee, presented a minority report. Tucker, former postmaster, is a member of the University board of trustees who brought Dr. Nearing to Toledo after the trustees of the University of Pennsylvania had failed to renew a contract with him. Trustee Tucker says in his minority report: "I think Dr. Nearing's fault, if any, may have been in confusing the ideals represented by our emblem with practices taking place under its shelter and protection."

8524 BIRD CLUBS.

On May 1st the reports from the National Association of Audubon Societies showed that there were 8524 Junior Bird clubs organized in the United States, with a total membership of 175,127 boys and girls. Of these members 18,070 are in Ohio. These clubs are under the management of public school teachers. By the close of the school year in June, there will be over 200,000 members in these bird clubs.

Ohio is surpassed in this work, only by the state of New York, Michigan following Ohio.

ROOSEVELT ENDORSEMENT.

(ASSOCIATED PRESS TELEGRAM) Jackson, Mich., May 9.—Fifty-two delegates to the national convention at Chicago were to be selected by the national Progressive state convention which convened this forenoon. Delegates said before the convention was called to order that Theodore Roosevelt would be endorsed for the presidential nomination.

BOMBS ON PORT SAID.

(ASSOCIATED PRESS TELEGRAM) London, May 9, 10:45 a. m.—A Reuters dispatch from Cairo says that two hostile aeroplanes dropped eight bombs on Port Said Monday morning. Three civilians were wounded and the attackers were driven off by fire from anti-aircraft guns. There was no property damage.

WILSON, ONLY CANDIDATE.

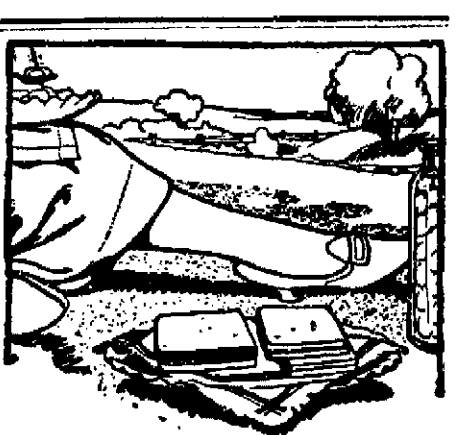

(ASSOCIATED PRESS TELEGRAM) Montgomery, Ala., May 9.—Alabama Democrats in a statewide presidential preference primary today voted for delegates to the national convention; ten candidates for representative in congress; a national committeeman and candidates for state and county officers. President Wilson is unopposed for the presidential nomination.

30 PREACHERS GRADUATED.

(ASSOCIATED PRESS TELEGRAM) Princeton, N. J., May 9.—Thirty-nine students were graduated today at the 104th commencement of Princeton Theological Seminary. In addition 21 were awarded the degree of Bachelor of Divinity for special work, while six fellowships and five prizes were announced.

The Deduction.

"Why did your mother make you promise you would not catch fish any other way than in a net?" "I suppose she thought as long as that method of fishing was a safe one, it would be safe."—Baltimore American.

MASON'S WHITE DRESSING

—the absolute BEST for all white shoes for all occasions.

Makes an elegant creamy, real white—not drab or grayish—finish for buckskin, nubuck, canvas and glazed kid shoes. Easily applied, contains no acid, and will not rub off.

Your dealer carries MASON'S. Ask him for it, and see that you get this box.

Golden Sun Coffee

Be Curious

Curious people seldom stay satisfied—they try new things until they get better satisfied.

You should try this Golden Sun Coffee, not alone because it wins the favor of nine people in ten who try it, but also because you will likely find greater satisfaction in it than in the coffee you now use.

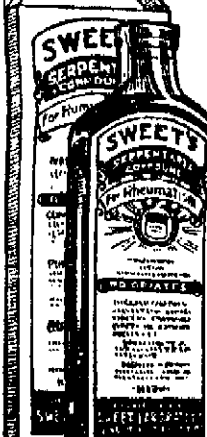

There is a particular flavor in Golden Sun Coffee—due to the blend—that seems to suit 'most everybody. But you must try it once to see; that's all we want you to do—try one pound and let your taste decide.

Golden Sun Coffee is steel cut by the Golden Sun process. Sold by good grocers.

THE WOOLSON SPICE COMPANY Toledo Ohio

SWEET'S SERPENTARIA COMPOUND

A New and Wonderful Preparation For
RHEUMATISM

Powerful and yet so harmless that it does not injure the stomach. It is almost instantly absorbed and carried by the blood circulation to every part of the system. It is absolutely free from morphine and other narcotics. Contains no salicylic or other injurious acids so frequently found in rheumatic remedies.

Serpentaria Compound never fails to give beneficial results when given a fair trial.

Price \$1.00 at your druggist. If he cannot supply you, write direct to us and we will send you a bottle prepaid upon receipt of price.

The Sweet Laboratories Co.
Columbus, Ohio

Increasing Safety and a Seven Per Cent Income

We have been selling industrial preferred stocks for twelve years at prices that yield a net income of 6 3/4 to 7%, and not one of the purchasers has ever lost a dollar of principal or income. Each of our current offerings is a splendid example of the type of securities we recommend, and a careful study of one is a guide to all the others.

If you have \$100 or more that you want to invest safely on a 7% basis, send for the attractive booklet that describes our current offering, the 7% Cumulative Preferred Stock of the Gram Motors Truck Company, of Lima. The price is \$101 a share, and the net income 6.93%.

This company's certified audit, December 31, 1915, shows that it earned more than \$500,000 during the preceding 12 months—and that it had only \$740,100 of preferred stock outstanding on that date. When the present issue has been sold there will be only \$1,250,000 of preferred stock outstanding—on which the annual dividend charges will be \$87,500 a year—or less than one-fifth the net profits for 1915. The same financial statement shows net tangible assets of nearly \$1,900,000 or approximately \$250 behind each \$100 par value, of preferred stock.

We have prepared a 16-page booklet about the history of this established enterprise—and have included our own analysis of its prospects for the future. A detailed financial statement and a digest of the legal safeguards that appear on the preferred stock certificates, are contained in the same book. If you want to increase your stock of knowledge about safe and profitable investments without incurring expense or obligation, send us your name and address today so that we can mail you a copy of this booklet. Use a post card, and do it now, before you forget.

The Geiger-Jones Co.

Investment Securities.

Renkert Building Canton, Ohio

C. L. RILEY, Representative,

Newark, Ohio.

If you want complete information about the twenty striking industrial preferred stocks we have sold, we will send you a copy of our 16-page "Booklet of Investment Securities, with Photographs, from Manufacturers' Enterprises Financed by The Geiger-Jones Company."

Why We are Enthusiastic About the

EDUCATOR SHOE

BECAUSE wearing Educators is the next thing to going barefooted. Their correct broad-toed shape allows Nature to relieve—perhaps entirely free—your feet from the troubles caused by narrow, unnatural shoes.

For all best bones, corns, bunions, ingrowing nails, flat-foot, etc., come from the pinching pressure of wrongly-shaped shoes.

Educators will save your children from ever having such troubles. Get the whole family into Educators today.

EDUCATOR branded on the sole guarantees the orthopaedically correct Educator shape that "lets the feet grow as they should." Made only by Rice & Hutchins, Inc., 15 High St., Boston, Mass.

AMERICAN BOXER WANTED IN BRAZIL.
[ASSOCIATED PRESS TELEGRAM]
New York, May 9.—Billy Gibson, who is trying to make contracts with American boxers to take part in a big boxing carnival to be held in Buenos Aires in July, said today that he had offered Freddie Welsh, the world's lightweight champion, \$25,000 to defend his title in a 20-round bout with Bennie Leonard in the Argentine capital. Gibson has received no reply from Welsh. The promoter said he also had made offers to Charley White at Chicago, Mike Gibbons, Kid Lewis, Jack Britton, and a number of other boxers and that several of them would make the trip to South America.

Colds Quickly Relieved.
Many people cough and cough— from the beginning of Fall right through to Spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery today. "It is certainly a great medicine and I keep a bottle of it continually on hand" writes W. C. Jessemann, Franconia, N. H. Money back if not satisfied.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up with a headache, backache, coated tongue or a nasty breath, in fact to feel your best day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives you a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

ROAD NOTICE.
Notice is hereby given that a petition has been presented to the County Commissioners of Licking County, Ohio, at their office on April 20, 1916, for the change of location of a country road on the following line, to-wit:

Beginning at the foot of the hill in Newton township known as Stewart Hill, on the Welch Hill road, sixty feet east from the east side of the road leading to the Cherry Valley, through the properties of Chas. Keller, William Priest and Martha J. Price and returning to the line of the present road at the foot of hill on the west side.

The time for the view of proposed improvement has been fixed for May 19th, 1916 at ten o'clock a. m. Also June 2nd 1916 at ten o'clock a. m., as the date for final hearing thereon at the office of said board.

HOMER C. PRICE,
Principal Petitioner.
Dated April 20, 1916.

CLEVELAND BOXING.
Cleveland, May 9.—Otto Yacknow, of Cleveland, and Gene Delmont of Memphis, are scheduled to box ten-rounds in the main bout at the Marota Athletic club here tonight. Bruno Lang and Joe Egan in ten-rounds, and William Prior, international preliminary are also on the card.

Dangers of Draft.
Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.

Some of the they call Long Cut makes a grown up smoker hot under the Just you up with FIVE BRO'S that good old Southern Kentucky Long that puts punch into you and joy into your !

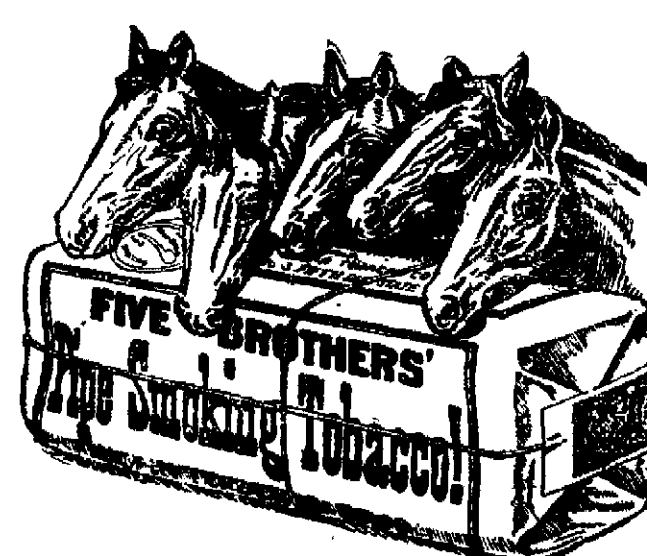

Smoke up every little while on fragrant, savory FIVE BROTHERS and between smokes stow away a crisp, juicy chew behind your wisdom teeth. It makes the big job easy and the day short.

That's because FIVE BROTHERS is the choice, genuine old Kentucky, aged from three to five years to ripen and sweeten its flavor and bring out the zip and wallop a hearty smoker wants in his tobacco.

FIVE BROTHERS burns sure and even in the pipe and gives you a long, satisfying smoke.

And you get some real good out of it when you chew it—it's got the tasty body and the nippy juice you'd like to roll around your tongue all day long.

FIVE BROTHERS is sold everywhere—get a pack-age today.

EXTRA MUSTY SUFFER COMEDY

C. L. CARPENTER
FOUND RELIEF FOR ULCERATED
KIDNEYS, SLEEPLESSNESS,
ETC., IN TANLAC.

Only Has Taken One Bottle, But Is
Much Improved in Every
Respect.

C. L. Carpenter is a well known
farmer on Rural Route No. 3, Gran-
ville, and has found Tanlac a fine
preparation. He says: "I have been
suffering from ulcerated kidneys,
principally from several months,
was weak and nervous and could not
sleep well. I have used one bottle
of Tanlac and can say that I am
feeling better, appetite improved and
sleep better."

Tanlac is equally as beneficial in
the treatment of stomach and liver
trouble, catarrh and rheumatism
and as a spring and nerve tonic has
no equal. Tanlac is demonstrated at
Hall's Drug Store, and is for sale at
Utica by P. H. Richardson, Gran-
ville by W. P. Ullman, Hebron by
C. S. Howard, Croton by J. W.
Haines, Centerburg by E. B. Walters,
and Pataskala by J. R. Strine. adv

Charges False Pretenses.
An affidavit was filed this morn-
ing before Mayor Bigbee by Adelaide
Thacker, charging Frank Rowe with
obtaining money under false pre-
tenses. Rowe, she claims, took a
rocking chair to be repaired and by
representing that he wanted to pur-
chase materials for the work, se-
cured an advance of \$2.50 on the
job. She says that was three weeks
ago and that nothing has been done
toward repairing the chair or re-
funding her money. Rowe has been
before Mayor Bigbee before on a
similar charge.

Leonard Kelly, Candidate.
Leonard H. Kelley of Mt. Vernon,
formerly of this city, has announced
himself candidate for the Republi-
can nomination for county recorder
at Mt. Vernon, subject to the deci-
sion of the primaries in August. On
his numerous visits here, Kelley has
persistently denied rumors of his
intention to enter politics but the
rumor would not die out. It is ver-
ified now by the filing of Kelley's
petition at Mt. Vernon, where he is
employed in the offices of the Penn-
sylvania shops. He was candidate in
this city for auditor on the Republi-
can ticket but was defeated by W. F.
Wulfoop.

Private Exhibit.
The management of the Auditor-
ium theatre this morning gave a pri-
vate exhibition of the late Selig Lo-
wells feature play, "The Nether-
world," featuring Katherine Williams.
May 12-13. This exhibit was attend-
ed by about fifty people, guests of
the management. The feature
taken from the story by Ben Bolt.

is a worthy successor to the "Spill-
ers," which has enjoyed a great run.
"The Nether-world" is filmed in the
region of the Panama Canal and
throughout the ten reels there is not
a dull moment. Plenty of "pep"
and action features the work of the
cast.

Contest Banquet Thursday.
About six weeks ago a member-
ship contest was started by the First
Presbyterian Bible class, Mr. J. B.
Irish and Mr. Frank G. Handel be-
ing the captains of the two sides.
Mr. Handel's team won. The losing
side will give a banquet to the win-
ners at the church next Thursday
night at 6:45 o'clock at which time
Prof. C. C. Miller of Lancaster will
speak. Mr. Miller is former state
school commissioner, is now superin-
tendent of schools of Lancaster and
he teaches the largest Bible class in
the state.

Birth Announcement.
Announcement is made by Mr. and
Mrs. V. A. Sanders of 91 North
street, of the birth of a daughter.
Struck by Automobile.
Marian Spencer, aged 10, was
struck by an automobile while
crossing Granville street last night.
The car passed over the child but
she escaped injury.

Faces Workhouse Term.
Lawrence Bricker, arrested here
last week for Mt. Vernon officers,
where he was wanted on a charge of
non-support, was fined \$300 and
costs and sentenced to the work-
house for six months. Upon his
promise to pay \$7 per week for the
support of his children, the sentence
was suspended.

Monthly Class Meeting.
The Eliza Scott Sunday school
class of the First M. E. church will
hold its regular monthly meeting at
the home of Mrs. Jennie Alloway,
177 South Fourth street, Wednesday,
May 10, 2:30 p. m. Mrs. I. M. Phil-
lips, teacher.

You Finish It.
There was a young lady of Wales
who had an aversion for males;
when asked if she'd wed, the fair
maiden said: "One dollar for the
best finishing line. See the Ad-
vocate's Melting Pot on page 4."

Birth Announcement.
Mr. and Mrs. Clyde Irwin of the
Belmawr apartments, announce the
birth of a daughter. Mrs. Irwin was
formerly Miss Lillian Miller.

Altar and Rosary Society.
The Altar and Rosary society will
meet at the home of Frank Holst-
schule, 74 Leroy street, at 8 o'clock
this evening.

W. C. T. U. Meeting.
The Isabelle Miller Union W. C. T.
U. will meet at the home of Mrs. L.
D. Ilogue 88 Dewey avenue on Wed-
nesday afternoon at 2 o'clock.

Missionary Society.
The Ladies' Home Missionary so-
ciety of the Pine Street Christian
Union church, will meet at the home
of Mrs. Noah Pyles, 25 Powers ave-
nue on Wednesday afternoon at 2
o'clock.

Arm Amputated.
Clarence Lytle, who recently had
his right arm amputated as a result
of an accident, was removed to his
home in North Fourth street from
the Newark Sanitarium today.

DIRECTED A VERDICT FOR DEFENDANTS

**COURT SUSTAINED MOTION TO
ARREST TESTIMONY IN
SUIT AGAINST CITY.**

**Jury Waived in Damage Case
Against P. C. C. & St. L. Ry.
Co. and Settlement Effected.**

In common pleas court in the case
of Charles V. Leedale vs. the City of
Newark, et al., the court, at the close
of plaintiff's evidence, sustained a
motion made by defendants to ar-
rest the testimony from the jury
and direct a verdict in favor of the
defendants. The jurors thereupon
returned a verdict in favor of the
city of Newark and the other de-
fendants. Plaintiff sued to recover
damages for expenses, etc., growing
out of an injunction proceeding
brought by the city to restrain Le-
edale from closing up an alleyway
running south from Main street near
Arch street in this city.

In the case of Edward Kibler, jr.,
administrator of Elsie Strauderman,
vs. the P. C. C. & St. L. Ry. Co., a
submission of the case was made to
the court, a jury being waived, and
a judgment was entered for the
plaintiff. Plaintiff brought the suit
to recover damages growing out of
the killing of Elsie Strauderman
some months since at the Cedar
street crossing in this city where he
was employed as a crossing watch-
man by the defendant railway com-
pany, the plaintiff claiming that
Strauderman met his death on ac-
count of negligent operation of a
train by defendant.

Partition Petition.
Ella Martin, John Forsyth, Milton
Forsyth and William C. Forsyth
have filed a petition in common
pleas court against Mary Williams,
Frank Forsyth and Ida Long, heirs
at law of George Forsyth, who died
September 22, 1915, without leaving
any widow and dying intestate. The
plaintiffs ask to have 150 acres of
land in Harrison township par-
tioned.

Marriage Licenses.
David Beatty, a tinner and Mrs.
Mabel Krigbaum, both of this city.
Rev. A. B. Cox named to officiate.

Real Estate Transfers.
Grace J. Scheer to Minnie M. Ap-
pley, lots 1 and 2 in the Newark
Real Estate and Improvement Com-
pany's Idlewild Park addition, \$1,
etc.

**W. D. Felton, administrator, to
M. J. Reese, lot 1059 in John H.
Wilson's addition, \$4,060.**

**President Ryan of the Anaconda
Copper Company estimates profits
for 1915 at \$16,000,000.**

STRIKE ENDS; EMPLOYES ARE BACK TO WORK

**WESTINGHOUSE COMPANY FI-
NALLY REFUSES DEMANDS
OF 15,000 STRIKERS.**

**Had to Return or Lose All Benefits
Accruing Under Compensation
and Pension System.**

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, May 9.—The strike of
15,000 electrical workers and shell-
makers of the Westinghouse Elec-
tric and Manufacturing company at
East Pittsburgh, ended today when
there was a rush of strikers to en-
ter the plants as soon as the gates
were opened. President E. M. Herr
refused all the demands and told the
strikers committee late yesterday
that unless all employees were in
their places this morning they would
have to be re-employed and would
lose all the benefits accruing to
them, under the company's compen-
sation and pension system. The
strike, which was called April 22,
was to enforce an eight-hour day,
and according to the company cost
the workmen \$1,557,500 in wages.

**POLICE GUARD AT
CLEVELAND PLANTS.**
(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 9.—Police today
are guarding two local plants at
which workmen are on strike. Five
hundred laborers, boilermakers and
helpers walked out late yesterday at
the Standard Oil Co. plant at Broad-
way and the Erie railroad, according
to police. Eight patrolmen were on
guard at the plant today. The other
strike is at a local packing house
plant where a score of men went on
strike early this morning. Two pa-
trolmen are on guard at the plant.

**WANT MEDIATOR
AT YOUNGSTOWN.**
(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 9.—State Mediator
Fred C. Croxton who settled the
electricians strike here today, re-
ceived a message from Columbus that
Mayor Carroll Thornton of Youngs-
town had requested that he be sent
to that city to try to effect an agree-
ment between manufacturers and
striking machinists and other union
workers who are threatening to
strike in that city. Mayor Thornton
has been trying to get the employes
and workers together and believes
Croxton could be of material assist-
ance.

**STATE MEDIATOR
SETTLES STRIKE
OF ELECTRICIANS.**
(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 9.—State Mediator
Fred Croxton announced today that
the nine-day strike of 600 electri-
cians here had been settled. The
men will go back to work Wednes-
day Croxton said.
The men asked for 75 cents an
hour. They have been getting 68 3-4
cents. The settlement provides they
shall have 70 cents at once, 72 1-2
cents in three months and 75 cents
May 1, 1917.
The settlement was reached early
this morning after an all night meet-
ing of representatives of both the
union and contractors with Croxton.

POLICE ARREST 18.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 9.—Police arrested
18 men today after strikers had
bombed the building of the
Standard Oil company on Broadway
with bricks and stones. Later the
prisoners were released. Several
hundred workmen are out. They de-
mand an increase from 25 to 35c
an hour.

20 DROWNED
(Continued from Page 1.)
debris. "I saw Captain Girardin
swimming 100 feet away," said
Lindquist. "I saw no other persons.
The captain raised his hands, waved
and sank. The ship's mascot, a dog
named Tige, which was swimming
near the captain, sank a moment
later."

TWO RESCUED.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 9.—Harvey H.
Brown, of Cleveland, manager of the
steamer Kirby, announced today that
two men had been rescued when the
ship went down. Twenty were
drowned. The boat was downbound
from Ashland, Wis., after a trip up
from Buffalo. The ship cleared
Ashland Sunday. The value of the
ship was placed at \$100,000.

STRENGTH
(Continued from Page 1.)
the circumstances. After he had re-
ceived word from Generals Scott and
Funston a reply that the United
States would hold to the course it
already had set. He returned to
Juarez and resumed telegraphic com-
munication with General Carranza.
It was said that General Obregon
has delayed signing the tentative
agreement because the American
conferences will not set a definite date
for withdrawal of General Pershing's
forces.

The Word Tramway.
Tramway is the term applied in
Great Britain to all kinds of street
railroads, whether using horses, en-
gines, a cable or electricity. The word
tram originally meant a log or stump.
The evolution of the word into modern
English use is given as: End—fragment
—stump—log—pole—bar—beam—rail. In
the earliest forms of railroads the
tracks consisted of trains of wood or
flat stones, at a later period of wooden
stringers covered with strap iron and
laid of iron rails.

There are in the United States
Capitol, at Washington, 670 win-
dows which have been washed 14
times a year.

"GIVE BUSINESS A CHANCE, BOTH GREAT OR SMALL, AND BUSINESS WILL BOOM
FOR ONE AND ALL"

**Kennedy of Boston Places 1 Order
---With The---**

House of Kuppenheimer
For \$500,000 For Next Fall

Kennedy is a big operator, he does things in a big way, first of all he
figures on giving his customers the benefit of the highest grade line of
clothes in America.

The Great Western Clothiers of Newark recognized this principle 35
years ago, and today we are determined to maintain this fixed rule in our
business despite the conditions caused by the European war.

VALUE GIVING IS A HABIT HERE and the spirit of VALUE GIV-
ING will continue even at the expense of profit.

Here you will find Men's, Boys', and Children's Clothing of the better
grades designed and tailored in strict harmony with your own ideas.

HIGH IDEALS IN DRESSING come to naught unless you pin your
faith to a service store. Here you will find a true, tried and tested serv-
ice that insures absolute satisfaction in every transaction.

The GREAT WESTERN
Remember We SUIT you FIRST and SUIT You For LESS.

**REFINISH YOUR
OWN FLOORS**

Know the joy of seeing things
grow bright and beautiful under the
touch of your brush.

Know the satisfaction of pointing
to the finished results of your pleas-
ant labors with the pride of real
achievement.

SPARTANA
The Practical Varnish Stain

helps many a thrifty woman to put up a fine
front in the house on a modest expense.

With SPARTANA, she renews floors,
woodwork, furniture, making them bright
and fresh and durable of surface.

She will tell you SPARTANA is the most satis-
factory, the most practical of all varnish stains.

It flows evenly from the brush, sets slowly,
dries quickly, making it easy to produce a perfect
job, free from "laps."

It gives a deep, brilliant effect in any desired
wood shade, and will resist the hardest wear.

If you take her advice you will get a can of
Spartana at once and get busy.

EXPERIENCES OF A FISHING PARTY FROM THIS CITY

Five popular young men of the city were subjected to a good deal of chaffing today when the story leaked out of a fishing excursion which they had planned for last Saturday night and Sunday. Albert Black, Irwin Porter, Edgar Albright, Seal Northers and Donald Holmkee were members of a party who had been exploiting their accomplishments as fishermen to admiring lady friends and somewhat jealous male companions for the past several weeks. They arranged to go to the lake Saturday evening and make good their reputation.

The young men arranged to send Messrs. Holmkee and Albright as an advance guard to secure the boats, paraphernalia and locate good fishing grounds and if possible look up all acquaintances and try to arrange to buy, borrow or pilfer all the fish they could get their hands on. The advance guard arrived loaded down with fishing tackle, ten loaves of bread, a basket of provisions and a dozen bottles of Sancerre. They started down the shore towards Avondale and after bartering for boats cast out upon the willowy waves.

There wasn't any one in the party who knew any more about operating a boat than he did about catching wild cats in the jungles of Africa, still that didn't make any material difference as long as they could make a showing to their friends. While out in the darkness with a flickering old lantern a storm suddenly came up and Messrs. Holmkee and Albright tried to pull for the shore, but didn't know where to locate it. The waves began to roll and the boat to toss, and the young men being very pious thought it might be a good plan to call upon some one for help. They exhausted their lung power and next decided that it was rather tough to die so young and then tried out "Now I lay me Down, etc." which they had learned in their youth. They were about ready to give up all hope and had written farewell messages to their dear ones by the flickering light when they were overjoyed to hear the splash of oars and suddenly Messrs. Black, Porter and Northers hove into sight under the guidance of an old lake expert. They had heard of their companions going out in a boat and knowing of their danger started out to find them. The two lost boys were overcome and almost wept with joy.

The party reached the park pier after 2 a. m., and it was still raining torrents. They were soaked to the skin, their provisions were ruined and they sat under the train shed shivering and shaking until the first car arrived for Newark when they left for their homes, after all had taken a solemn oath never to divulge their experiences. The story leaked out however and now when any one of their friends begin to talk about fishing the five alleged piscatorial sports always try to change the subject or else remember that they have a sudden engagement elsewhere.

Granville

(Special to The Advocate)

Granville, May 9.—The greatest musical venture ever offered in Granville, was the tenth annual Spring Festival, held on Monday, May 8th, in the Baptist church, with the Russian Symphony Orchestra of New York as chief attraction for both afternoon and evening concerts. Both affairs called out a great concourse of people not only from Granville but from many other towns. A half holiday had been granted colleges and public schools and for a few hours the old town assumed its liveliest appearance. The Baptist church was crowded to its utmost capacity, many finding standing room only, and there seemed to be but one opinion as to the merits of the programs offered, judging from the tumultuous applause which greeted each number.

The afternoon concert was given by the full orchestra in a program that which one might say, there could have been no better in point of local merit of the compositions and in variety of arrangement. Modest Altshuler, the conductor, always is pleased to give a concert in a church, "for music" he says, "is religious." The entire orchestra seemed to catch the spirit of the occasion, playing with great spirit and verve. Altshuler is a conductor who keeps a firm hand upon his men, but who really "leads out"—conducts them rather than drives them. The symphony was played especially well, and it was the audience, sitting literally off its feet. Here and in the two Caucasian sketches that followed, the Russians seemed to be particularly at home. The slow introduction was unusually characteristic, the passionate climax intensely dramatic. For this number, the orchestra played as encores, the inevitable Dvorak's "Humoresque," but really, as the orchestration was simple and not decorated with all sorts of bell and percussion effects, it was most enjoyable. The two novelties on the program were especially interesting, being introduced into this country by this orchestra. "In the Aul" contained solos for English Horn and viola alternating and blending into each other in a fascinating way. In the "March Sarda," two small antique drums were used effectively. Here again, the orchestra was forced to give an encore, and the first "celloist, Bernard Altshuler, a brother of the conductor, played the Beethoven "Minuet in G." Michel Guskoff, violinist, played two movements from the Mendelssohn Concerto with fine tone and technique, and received a veritable ovation. The program closed with the brilliant and compelling "Ride of the Valkyries."

The "Creation" given in the evening by the Eastwood choros of 200 voices, accompanied by the Symphony orchestra, and directed by its own Karl Eschman, was a revelation as to the real meaning of the oratorio. The orchestration pictures the lion, the tiger, the fiery steed; rain, hail, snow and many other things in the quaint picturesque style of Haydn. The whole work was given with classic simplicity of harmony and massive effects in the chorus. The drill to which the chorus had been subjected by Mr. Eschman was splendidly apparent, especially in the men's section, despite the seating arrangement which so widely separated the singers. The climax of the chorus work was reached in "The Heavens Are Telling" and in "The Lord Is Great," sung as they never before have been heard in this village. The soloists, furnished by the orchestra organization were very good. Mr. Stoddard possessed a clear, soft and pliable, with unusual volume of tone, but with admirable carrying quality. Dan Boddoe, tenor, possesses a voice of clear resonant tone, mellow and musical; never thin. He sang the tenor solos most effectively. Andreo Sarto, called a "baritone-bass," was most pleasing in his middle and upper registers, and greatly pleased the audience. As for the conductor, Mr. K. H. Eschman, too much can not be said in praise of the efficient manner in which he conducted both the chorus and the orchestra. His reading of the time honored score revealed keen musical insight, and every phase of the descriptive orchestration was faithfully portrayed. He possesses the real leader's power of holding his men—of dominating them. He has raised in poise since he first assumed the baton and last night's performance was a demonstration of the power that is in him. Warm congratulations have been showered upon him for the splendid success of the festival.

Wednesday MARKET DAY SPECIALS New Spring Merchandise

Petticoats at 45c
(WORTH 50c)

WILL ARRANGE FOR A VISIT TO ZANESVILLE, O

The Newark Auto club will hold a meeting tomorrow evening at the Assembly room of the court house at 7:30 o'clock to make arrangements for the Zanesville visit. Every auto owner in the city is invited to be present and take part in the arranging of the proposed visitation.

Great interest is being taken by all autoists over the city and nearly all of the business houses will close and send delegations to the Clay City. The autoists will form at one o'clock in the public square and the procession will be headed by the Buckeye Band of twenty-four pieces. It is probable that several other musical organizations will accompany the autoists.

The court house officials, deputies and clerks will participate and will form a delegation in the big procession, the court house offices closing for the day. All of the factories and big plants of the city will also send representatives.

It is expected that between four and five hundred machines will join the merry makers on Thursday afternoon, May 18, at one o'clock and visit our neighbors on the east. It is going to be one afternoon and evening of jollity and everybody participating is assured of a royal welcome from the residents of the Clay City.

Sunstroke is caused by invisible violet rays from the sun and not by heat.

It's Easy to Peel Off All Your Freckles

The contrast between the freckles and the clear skin usually is so great that no bleach can be more than partially successful in obliterating the disfigurements. Ordinary mercurized wax is far better; it literally peels off the freckles. Get an ounce of it at the nearest drugstore and tonight spread on enough to completely cover your face, remove in the morning with warm water. Repeat daily until every freckle has disappeared.

Rough, blotchy, pimply skin, also common at this season may be entirely gotten rid of by this same method without discomfort or inconvenience. The effort is decidedly worth while, the new complexion obtained being so clear smooth and youthful.

DUBL-R Banishes RHEUMATISM

One bottle gives relief. Another bottle cures. Two bottles cure permanently. DUBL-R is a powerful, yet safe, remedy for rheumatism, neuralgia, sciatica, etc.
